**Offer to Purchase for Cash Any and All of its 4.560% Senior Notes due 2025  
and Solicitation of Consents for Proposed Amendments to the Related Indenture**

The Tender Offer (as defined below) will expire at 5:00 p.m., New York City time, on August 15, 2023, unless extended (such date and time, as it may be extended, the “*Expiration Date*”), or earlier terminated. You must validly tender your Notes (as defined below) at or prior to the Expiration Date to be eligible to receive the Tender Offer Consideration (as defined below) for such Notes. You must validly tender your Notes and deliver your consents to the Proposed Amendments (as defined below) at or prior to 5:00 p.m., New York City time, on August 1, 2023 (such date and time, as it may be extended, the “*Early Tender Time*”) to be eligible to receive the Total Consideration (as defined below). The Total Consideration and the Tender Offer Consideration will be payable in cash. Tendered Notes may be validly withdrawn and Consents to the Proposed Amendment revoked from the Tender Offer at or prior to, but not after, 5:00 p.m., New York City time, on August 1, 2023 (such date and time, as it may be extended, the “*Withdrawal Deadline*”). The Tender Offer is subject to the satisfaction of certain conditions, as set forth under the heading “The Terms of the Tender Offer and the Consent Solicitation—Conditions to the Tender Offer and the Consent Solicitation.” Capitalized terms used in this Offer to Purchase and not otherwise defined shall have the meaning assigned to them in the Indenture.

**The Tender Offer**

Upon the terms and subject to the conditions described in this Offer to Purchase and Consent Solicitation Statement (as it may be amended or supplemented from time to time, the “*Offer to Purchase*”), Guacolda Energía SpA, a *sociedad por acciones* (referred to herein as the “*Guacolda*,” “*we*,” or “*us*,” or the “*Company*”) and organized under the laws of the Republic of Chile (“*Chile*”), is offering to purchase for cash any and all of its outstanding 4.560% Senior Notes due 2025 (the “*Notes*”). The Company refers to the offer to purchase the Notes as the “*Tender Offer*.” The Tender Offer may be amended, extended or terminated.

The Tender Offer is open to all registered holders (individually, a “*Holder*,” and collectively, the “*Holders*”) of the Notes. The purpose of the Tender Offer is to reduce the Company’s U.S. dollar-denominated debt.

The following table sets forth certain terms of the Tender Offer:

Title of Notes	CUSIP and ISIN Numbers	Aggregate Principal Amount Outstanding <sup>(1)</sup>	Dollars per U.S.\$1,000 Principal Amount of Notes		
			Tender Offer Consideration <sup>(2)</sup>	Early Tender Premium	Total Consideration <sup>(2)(3)</sup>

Existing Notes in a principal amount of (i) U.S.\$132,462,000.00 were repurchased by the Company through a cash tender offer carried out in April 2023 and (ii) U.S.\$93,707,000.00 were repurchased by the Company through open market transactions, and, in each case, subsequently cancelled.

**This Offer to Purchase contains certain important information that should be read before any decision is made with respect to the Tender Offer. In particular, see “Certain Significant Consequences to Holders” beginning on page 24 for a discussion of certain factors you should consider in connection with the Tender Offer.**

**July 19, 2023**

The Company's obligation to accept for payment and to pay for any of the Notes in the Tender Offer is subject to the satisfaction or waiver of the conditions to the Tender Offer and the Consent Solicitation (as defined below), including the satisfaction of the Exchange Condition (as defined below), the Supplemental Indenture Condition (as defined below) and the General Conditions (as defined below). See "—Conditions to the Tender Offer and the Consent Solicitation." No assurance can be given that the Exchange Condition will occur.

Subject to the terms and conditions of the Tender Offer and the Consent Solicitation, the consideration for each U.S.\$1,000 principal amount of Notes validly tendered and accepted for purchase pursuant to the Tender Offer will be the tender offer consideration set forth in the table above (the "*Tender Offer Consideration*"). In addition to the Tender Offer Consideration, Holders of Notes that are validly tendered at or prior to the Early Tender Time and accepted for purchase pursuant to the Tender Offer, and who thereby concurrently deliver (and do not validly revoke), at or prior to the Early Tender Time, their Consent to the proposed amendments (the "*Proposed Amendments*") to the indenture, dated as of April 30, 2015 (as amended, amended and restated, supplemented or modified, the "*Indenture*"), among the Company, Citibank, N.A., as trustee (the "*Trustee*"), registrar, paying agent and transfer agent, and Banque Internationale à Luxembourg S.A., as Luxembourg paying agent and transfer agent, will receive the early tender premium set forth in the table above (the "*Early Tender Premium*" and, together with the Tender Offer Consideration, the "*Total Consideration*"). We refer to the "*Early Tender Premium*" as an amount in cash equal to U.S.\$50.00 for each U.S.\$1,000 principal amount of Notes tendered by such Holder, with such payment of the Total Consideration to be made on the Early Settlement Date (as defined below). Holders of Notes tendered after the Early Tender Time, but at or before the Expiration Date, and accepted for purchase pursuant to the Tender Offer will receive the Tender Offer Consideration, but not the Early Tender Premium. No tenders will be valid if submitted after the Expiration Date.

To reimburse the time and cost of tendering Notes, the Company will pay a processing fee to brokers acting on behalf of certain beneficial owners of Notes who tender Notes for processing the tender of these Notes. This processing fee will be paid only with respect to individual tenders of a principal amount of U.S.\$500,000 or less and will be an amount equal to 0.25% of the principal amount of the tendered Notes in respect of which a request for a processing fee is made and that are ultimately accepted for purchase.

In addition to the Tender Offer Consideration or the Total Consideration, as applicable, all Holders of Notes accepted for purchase pursuant to the Tender Offer will, on the applicable Settlement Date (as defined herein), also receive accrued and unpaid interest, if any, on those Notes from the last interest payment date with respect to those Notes to, but not including, the applicable Settlement Date ("*Accrued Interest*"). The Company will gross up the amounts due in respect of Accrued Interest, pursuant to the same methodology as specified in the Indenture.

The Tender Offer commenced on the date of this Offer to Purchase and will expire on the Expiration Date, unless extended or earlier terminated by the Company. No tenders will be valid if submitted after the Expiration Date. If a Nominee (as defined herein) holds your Notes, such Nominee may have an earlier deadline for accepting the offer. You should promptly contact such Nominee that holds your Notes to determine its deadline. The Tender Offer is open to all registered Holders of the Notes to whom it is legal to make such offer.

The "Settlement Date" in respect of any Notes that are validly tendered at or prior to the Early Tender Time and not validly withdrawn at or prior to the Withdrawal Deadline, and accepted by the Company for purchase in the Tender Offer and the Consent Solicitation, will be after the Early Tender Time but prior to the Expiration Time (as determined by the Company), subject to all conditions to the Tender Offer and the Consent Solicitation having been either satisfied or waived by the Company at such time (the "*Early Settlement Date*"). The Early Settlement Date will be determined at the Company's option and is currently expected to occur on August 3, 2023, the second business day following the Early Tender Time. The Company reserves the right, but is under no obligation, subject to the satisfaction or waiver of the conditions to the Tender Offer and the Consent Solicitation, to accept for purchase any or all of the Notes validly tendered at or prior to the Early Tender Time, on the Early Settlement Date. The "Settlement Date" in respect of any Notes that are validly tendered after the Early Tender Time, but at or prior to the Expiration Date, and accepted by the Company for purchase in the Tender Offer and the Consent Solicitation, subject to all conditions to the Tender Offer and the Consent Solicitation having been either satisfied or waived by the Company, will be promptly after the Expiration Date (the "*Final Settlement Date*"). The Final Settlement Date is expected to occur on the second business day following the Expiration Date. Any Notes that are tendered and accepted in the Tender Offer will be retired and canceled. There will be no proration of any tender of Notes for purchase. No tenders of Notes submitted after the Expiration Date will be valid.

Withdrawal and revocation rights with respect to the Notes will terminate on the Withdrawal Deadline, unless required by applicable law. Accordingly, following the Withdrawal Deadline, any Notes validly tendered and Consent delivered (whether before, on or after the Withdrawal Deadline) may no longer be validly withdrawn or revoked. For the withdrawal of a tendered Note (and revocation of Consents) to be valid, such withdrawal and revocation must comply with the procedures set forth in "The Terms of the Tender Offer and the Consent Solicitation—Withdrawal and Revocation." If you have previously tendered Notes, you may not validly revoke a Consent unless you validly withdraw your previously tendered Notes, and the valid withdrawal of

your previously tendered Notes will constitute the concurrent proper revocation of your Consent. A valid withdrawal of tendered Notes at or prior to the Withdrawal Deadline will constitute the concurrent valid revocation of the related Consent.

The Company reserves the right, subject to applicable law, to (a) extend or otherwise amend the Early Tender Time, Withdrawal Deadline or Expiration Date to a later date and time as announced by the Company; (b) waive or modify in whole or in part any and all conditions to the Tender Offer and/or the Consent Solicitation; (c) delay the acceptance for purchase of any Notes or delay the purchase of any Notes; or (d) otherwise modify or terminate the Tender Offer and/or the Consent Solicitation. In the event that the Tender Offer and the Consent Solicitation are terminated or otherwise not completed, the Total Consideration or Tender Offer Consideration, as the case may be, relating to the Notes, will not be paid or become payable to Holders of such Notes, without regard to whether such Holders have validly tendered their Notes (in which case, such tendered Notes will be promptly returned to Holders). The Company will publicly announce any extension, amendment or termination in the manner described under “The Terms of the Tender Offer and the Consent Solicitation—Announcements.” There can be no assurance that the Company will exercise its right to extend, terminate or amend the Tender Offer. See “The Terms of the Tender Offer and the Consent Solicitation—Expiration Date; Extension; Termination and Amendment.”

In the event that the Company modifies the Tender Offer Consideration, the Early Tender Premium or the Total Consideration, and there are fewer than 10 business days remaining from and including the date of the announcement of such modification to the Expiration Date, the Company will extend the Expiration Date so that at least 10 business days remain until the Expiration Date with respect to the Tender Offer.

### **The Solicitation of Consents**

In conjunction with the Tender Offer, the Company is soliciting from Holders consents (“*Consents*”) to effect the Proposed Amendments to the Indenture, to eliminate substantially all of the restrictive covenants and certain events of default contained in the Indenture, among other things.

In particular, the Proposed Amendments would, among others, (i) eliminate Section 3.4 (Payment of Taxes) of the Indenture, (ii) eliminate Section 3.5 (Further Instruments and Acts) of the Indenture, (iii) eliminate Section 3.7 (Limitation on Liens) of the Indenture, (iv) eliminate Section 3.8 (Limitation on Sale and Leaseback Transactions) of the Indenture, (v) eliminate Section 3.10 (Reports to Holders) of the Indenture, (vi) eliminate Section 3.11 (Listing) of the Indenture, (vii) eliminate Section 3.14 (Compliance Certificate) of the Indenture, (viii) eliminate Section 6.1(a)(iv) (Failure to pay or acceleration of any indebtedness in excess of U.S.\$30,000,000) of the Indenture, (ix) eliminate Section 6.1(a)(v) (Failure to pay a final judgment in excess of U.S.\$30,000,000 that is not dismissed within 30 days following commencement of such enforcement proceedings, and not contested within 60 days from the time the Company or its Subsidiary receive notice thereof) of the Indenture, (x) amend Section 5.3(a) of the Indenture so that the Company shall give or cause the Trustee to give notice of redemption to the holders at least six (6) business days prior to the Redemption Date, (xi) amend Section 5.3(b) of the Indenture so that the Company shall deliver the notice of redemption to the Trustee at least nine (9) business days prior to the Redemption Date, and (xii) make certain other changes in the Indenture and the Notes of a technical or conforming nature, including the deletion of certain definitions and the elimination of certain cross references (see “Proposed Amendments”). We refer to this solicitation of Consents with respect to the Proposed Amendments as the “*Consent Solicitation*.”

Adoption of the Proposed Amendments requires the consent of the Holders of at least a majority of the aggregate principal amount of the Notes then outstanding (excluding any Notes owned by the Company or any other obligor under the Notes or any Affiliate of the Company or of such other obligor) (including the Consents delivered under the Consent Solicitation and the Exchange Offer, the “*Requisite Consents*”). The valid tender of Notes by a Holder pursuant to the Tender Offer and the Consent Solicitation will be deemed to constitute the giving of a Consent by such Holder to the Proposed Amendments. No separate Consent payment or fee is being offered or will be paid to Holders in the Consent Solicitation. The valid electronic tender of Notes in accordance with DTC’s ATOP procedures shall constitute a tender of Notes and delivery of Consents to the Proposed Amendments pursuant to the Tender Offer and the Consent Solicitation. Holders may not tender their Notes without delivering their Consents pursuant to the Consent Solicitation and may not deliver their Consents without tendering their Notes pursuant to the Tender Offer.

A Holder that has previously tendered Notes may not revoke a Consent without withdrawing the previously tendered Notes to which such Consent relates. Notes tendered and Consents delivered at or prior to the Withdrawal Deadline may be validly withdrawn and revoked at any time at or prior to the Withdrawal Deadline, but not thereafter (except in certain limited circumstances where additional withdrawal rights are required by law). A valid withdrawal of tendered Notes at or prior to the Withdrawal Deadline will constitute the concurrent valid revocation of such Holder’s related Consent. Notes tendered and Consents delivered after the Withdrawal Deadline may not be validly withdrawn or revoked at any time (except in certain limited circumstances where additional withdrawal rights are required by law).

We intend to accept for purchase on the Early Settlement Date any and all validly tendered (and not validly withdrawn) Notes pursuant to the Tender Offer at or prior to the Early Tender Time. If the Company has received the Requisite Consents, the Company and the Trustee, will execute a supplement to the Indenture (the “*Supplemental Indenture*”), which it would expect to

do promptly after the Early Tender Time. The Supplemental Indenture will become effective upon its execution and delivery by the Company and the Trustee, but will provide that the Proposed Amendments will not become operative until the Company has paid in full the Total Consideration. The Company will publicly announce that the Requisite Consents have been received by press release to a widely disseminated news or wire service. If the Tender Offer and the Consent Solicitation are terminated or withdrawn, the Supplemental Indenture will not be executed, and no payment of Total Consideration will be made.

**Concurrently with the Tender Offer and the Consent Solicitation, the Company commenced an exchange offer (the “Exchange Offer”) to exchange any and all of the Notes tendered by eligible holders in the Exchange Offer for new senior unsecured notes issued by the Company. The Exchange Offer is also accompanied by a solicitation of consents from holders participating in the Exchange Offer to adopt the Proposed Amendments, subject to the conditions and restrictions set out in the Company’s Private Placement Memorandum dated July 19, 2023. Holders that are eligible to tender Notes in the Exchange Offer can elect, in their sole discretion, to tender all or any portion of their Notes pursuant to either the Exchange Offer or the Tender Offer. However, a tender of any Note simultaneously under both the Exchange Offer and the Tender Offer without either tender being validly withdrawn is not valid and will not be accepted by us under any of the Exchange Offer or the Tender Offer. The Company reserves the right, in its sole and absolute discretion, to extend, withdraw, terminate or amend the terms and conditions of the Exchange Offer at any time for any reason. The consummation of the Exchange Offer is conditioned upon, among other things, the valid tender in the Tender Offer and the Exchange Offer taken together, without subsequent withdrawal, of Notes having an aggregate principal amount of at least U.S.\$246,447,900.00, or 90.0% of the Outstanding Notes, and the delivery of the Requisite Consents (as defined herein) and the execution and delivery of the Supplemental Indenture (as defined herein) by the parties thereto. The Company may, at its option and in its sole and absolute discretion, waive such conditions and any other condition in the Exchange Offer that it may deem appropriate, subject to applicable law.**

Notwithstanding any other provision of the Tender Offer, the Company’s obligation to accept for purchase, and to pay for, any Notes validly tendered pursuant to the Tender Offer and the Consent Solicitation, is conditioned upon satisfaction of the Exchange Condition, the Supplemental Indenture Condition and the General Conditions. The Exchange Condition, the Supplemental Indenture Condition and the General Conditions to the Tender Offer and the Consent Solicitation are for the sole benefit of the Company and may be asserted by the Company, regardless of the circumstances giving rise to any such condition (including any action or inaction by the Company). The Company reserves the right, in its sole discretion, to waive any and all conditions of the Tender Offer and the Consent Solicitation, at or prior to the Expiration Date (or the Early Settlement Date, if the Company elects to have an early settlement). See “The Terms of the Tender Offer and the Consent Solicitation—Conditions to the Tender Offer and the Consent Solicitation.”

**This Tender Offer and the Consent Solicitation is not an offer to sell or a solicitation of an offer to buy any new senior unsecured notes issued by the Company.**

#### **Additional Information Regarding the Tender Offer and Consent Solicitation**

The purpose of the Tender Offer is to acquire any and all outstanding Notes validly tendered, and the purpose of the Consent Solicitation is to obtain Consents to effect the Proposed Amendments. The Tender Offer is being made in connection with, and is conditioned upon, among other things, the Exchange Condition, the Supplemental Indenture Condition and the General Conditions. Any Holder that tenders Notes at or prior to the Early Tender Time pursuant to the Tender Offer must also deliver a Consent to the Proposed Amendments.

Holders who validly tender their Notes and thereby concurrently deliver their Consents to the Tender Agent (as defined below and identified on the back cover page of this Offer to Purchase) at or prior to the Early Tender Time, and do not validly withdraw their Notes (and therefore do not validly revoke the related Consents) at or prior to the Withdrawal Deadline, will receive the Total Consideration on the Settlement Date, subject to our acceptance of their Notes for purchase.

Holders who validly tender their Notes after the Early Tender Time, but at or prior to the Expiration Date, will receive only the Tender Offer Consideration if we accept their Notes for purchase, but will not be entitled to receive the Early Tender Premium on the Settlement Date even if the Proposed Amendments become operative.

At the Early Tender Time we expect to accept for payment any and all Notes validly tendered and not properly withdrawn at or before the Early Tender Time, provided we have received the Requisite Consents and the conditions to the Tender Offer and the Consent Solicitation have otherwise been satisfied or waived. In such instance, we also expect to accept for payment any and all Notes validly tendered after the Early Tender Time and at or before the Expiration Date.

In the event that the Tender Offer and the Consent Solicitation are terminated or otherwise not completed, the Tender Offer Consideration and Early Tender Premium will not be paid or become payable to Holders of the Notes who have validly tendered their Notes and delivered Consents in connection with the Tender Offer and the Consent Solicitation, and all tendered Notes will be returned promptly.

Notwithstanding any other provision of the Tender Offer or the Consent Solicitation, our obligations to accept for purchase and pay for Notes and to accept and pay for Consents pursuant to the Tender Offer and the Consent Solicitation is subject to the satisfaction of, or where applicable, our waiver of, the conditions set forth under “The Terms of the Tender Offer and the Consent Solicitation—Conditions to the Tender Offer and the Consent Solicitation,” including the Exchange Condition, the Supplemental Indenture Condition and the General Conditions.

See “Taxation” for a discussion of certain tax matters that should be considered in evaluating the Tender Offer and the Consent Solicitation.

**THIS OFFER TO PURCHASE SHOULD BE READ CAREFULLY BEFORE A DECISION IS MADE WITH RESPECT TO THIS TENDER OFFER AND CONSENT SOLICITATION. NONE OF THE COMPANY, THE DEALER MANAGER AND SOLICITATION AGENT, THE TENDER AND INFORMATION AGENT, THE TABULATION AGENT OR ANY OF THEIR RESPECTIVE AFFILIATES IS MAKING ANY RECOMMENDATION AS TO WHETHER HOLDERS SHOULD TENDER ANY NOTES OR PROVIDE THEIR CONSENTS IN RESPONSE TO THE TENDER OFFER AND THE CONSENT SOLICITATION. HOLDERS MUST MAKE THEIR OWN DECISION AS TO WHETHER TO PARTICIPATE IN THE TENDER OFFER AND THE CONSENT SOLICITATION, AND, IF SO, THE PRINCIPAL AMOUNT OF NOTES TO TENDER.**

**NEITHER THIS OFFER TO PURCHASE NOR ANY OF THE OTHER DOCUMENTS RELATED TO THE TENDER OFFER AND THE CONSENT SOLICITATION HAVE BEEN FILED WITH OR REVIEWED BY ANY FEDERAL, STATE OR FOREIGN SECURITIES COMMISSION OR REGULATORY AUTHORITY, NOR HAS ANY SUCH COMMISSION OR AUTHORITY PASSED UPON THE ACCURACY OR ADEQUACY OF THIS OFFER TO PURCHASE OR ANY OF THE OTHER DOCUMENTS RELATED TO THE OFFER OR THE CONSENT SOLICITATION. ANY REPRESENTATION TO THE CONTRARY IS UNLAWFUL AND MAY BE A CRIMINAL OFFENSE.**

**If you do not tender your Notes or if you tender Notes that are not accepted for purchase, they will remain outstanding. If the Company consummates the Tender Offer, the trading market for the Notes may be significantly more limited. For a discussion of this and other risks, see “Certain Significant Consequences to Holders.”**

## IMPORTANT INFORMATION

The Notes are held in book-entry form through the facilities of The Depository Trust Company (“DTC”). DTC is the only registered holder of the Notes. DTC facilitates the clearance and settlement of securities transactions through electronic book-entry changes in accounts of DTC participants. DTC participants include securities brokers and dealers, banks, trust companies, clearing corporations and other organizations. Consequently, if you desire to tender your Notes in the Tender Offer and thereby concurrently deliver Consents in the Consent Solicitation, you must tender your Notes and deliver Consents through DTC’s Automated Tender Offer Program (“ATOP”), for which the Tender Offer and the Consent Solicitation will be eligible, and follow the procedures for book-entry transfer described under “The Terms of the Tender Offer and the Consent Solicitation—Procedures for Tendering Notes and Delivering Consents.” There is no consent and letter of transmittal in connection with the Tender Offer and the Consent Solicitation. The valid electronic tender of Notes in accordance with DTC’s ATOP procedures shall constitute a tender of Notes and delivery of Consents pursuant to the Tender Offer. A beneficial owner whose Notes are held by a broker, dealer, commercial bank, trust company or other nominee (each, a “*Nominee*”) and who desires to tender such Notes in the Tender Offer must contact its Nominee and instruct such Nominee, as Holder of the Notes, to tender its Notes on such beneficial owner’s behalf.

Accordingly, beneficial owners wishing to participate in the Tender Offer should contact their Nominee as soon as possible in order to determine the time by which such owner must take action in order to so participate. See “The Terms of the Tender Offer and the Consent Solicitation—Procedures for Tendering Notes and Delivering Consents.”

DTC has authorized DTC participants that hold Notes on behalf of beneficial owners of Notes through DTC to tender their Notes as if they were Holders.

BofA Securities, Inc. is acting as dealer manager and solicitation agent for the Tender Offer and the Consent Solicitation (the “*Dealer Manager and Solicitation Agent*”). D.F. King & Co., Inc. is serving as tender and information agent in connection with the Tender Offer (the “*Tender Agent*,” the “*Information Agent*” or the “*Tender and Information Agent*”), and as Information Agent and tabulation agent in connection with the Consent Solicitation (the “*Tabulation Agent*”). To properly tender Notes, the Tender Agent must receive, at or prior to the Expiration Date (or, for Holders desiring to receive the Total Consideration, at or prior to the Early Tender Time):

- a timely confirmation of book-entry transfer of such Notes according to the procedure for book-entry transfer described in this Offer to Purchase; and
- an Agent’s Message (as defined herein) through ATOP.

Any Holder who holds Notes through Clearstream Banking, *société anonyme* (“*Clearstream*”) or Euroclear Bank, SA/NV (“*Euroclear*”), must also comply with the applicable procedures of Clearstream or Euroclear. Both Clearstream and Euroclear are indirect DTC participants.

There are no guaranteed delivery procedures provided for by the Company in order to tender Notes in the Tender Offer. In addition, all or a substantial portion of our assets and the assets of our directors and officers are located outside the United States. As a result, except as explained below, it may not be possible for investors to effect service of process within the United States upon such persons, or to enforce against them or us in U.S. courts judgments predicated upon the civil liability provisions of the federal securities laws of the United States or otherwise obtained in U.S. courts.

We have been advised by Garrigues Chile Limitada (“*Garrigues*”), our special Chilean counsel, that no treaty exists between the United States and Chile for the reciprocal enforcement of foreign judgments. It is the opinion of our Chilean counsel that Chilean courts would enforce final judgments rendered by U.S. courts by virtue of the legal principles of reciprocity and comity, subject to review in Chile of any such U.S. judgment in order to ascertain whether certain basic principles of due process and public policy have been respected, without retrial or review of the merits of the subject matter. If a U.S. court grants a final judgment, enforceability of this judgment in Chile will be subject to obtaining the relevant *exequatur* decision from the Supreme Court of Chile (*i.e.*, recognition and enforcement of the foreign judgment) according to Chilean civil procedure law in force at that time, and satisfying certain legal requirements. Currently, the most important of these requirements are:

- the judgment will be enforced if there is reciprocity, as to the enforcement of judgments (*i.e.*, the relevant U.S. court would enforce a judgment of a Chilean court under comparable circumstances);
- if reciprocity cannot be proven to exist, the foreign judgment will be enforced, nonetheless, only if: (i) it does not contain anything contrary to Chilean law, notwithstanding the differences in procedural rules; (ii) it is not contrary to Chilean jurisdiction and public policy; (iii) the defendant has been duly served, although the defendant may prove that, for other reasons, he or she was prevented from using a defect in service of process as a defense; and (iv) it is final under the laws of the country where the judgment or arbitral award, as the case may be, was rendered. With respect to service of process, the Chilean Supreme Court has decided that, to determine that process was duly served, service should be considered valid in the jurisdiction where the case was decided and it can be proven that the defendant had actual knowledge of the suit; and

If the *exequatur* is granted, then the foreign judgment may be enforced in Chile by a lower court, through a collection proceeding under Chilean civil procedure law.

In addition, it may be necessary for investors to comply with certain procedures, including evidence of timely payment of stamp taxes (currently at a rate of 0.066% per month or fraction thereof elapsed between the issuance and the maturity of the New Notes, calculated on the principal amount of the New Notes, with a maximum 0.8% stamp tax on the principal amount of the New Notes, which will be paid by us), to file a lawsuit concerning the New Notes in a Chilean court.

We have been advised by Garrigues that there is doubt as to the enforceability, in original actions in Chilean courts, of liabilities predicated solely on the U.S. federal securities laws and as to the enforceability in Chilean courts of judgments of U.S. courts obtained in actions predicated upon the civil liability provisions of the U.S. federal securities laws.

The Total Consideration includes an Early Tender Premium of U.S.\$50.00 per U.S.\$1,000 principal amount of Notes validly tendered and accepted for purchase. In addition, each Holder will receive Accrued Interest and any additional amounts as set forth herein on such U.S.\$1,000 principal amount of Notes validly tendered and accepted for purchase from the last interest payment date to, but not including, the applicable Settlement Date.

This processing fee will be paid only with respect to individual tenders of a principal amount of U.S.\$500,000 or less and will be an amount equal to 0.25% of the principal amount of the tendered Notes in respect of which a request for a processing fee is made and that are ultimately accepted for purchase.
Accrued and Unpaid Interest ..... Company or its Subsidiary receive notice thereof of the Indenture,

- amend Section 5.3(a) of the Indenture so that the Company shall give or cause the Trustee to give notice of redemption to the holders at least six (6) business days prior to the Redemption Date,
- amend Section 5.3(b) of the Indenture so that the Company shall deliver the notice of redemption to the Trustee at least nine (9) business days prior to the Redemption Date, and
- make certain other changes in the Indenture and the Notes of a technical or conforming nature, including the deletion of certain definitions and the elimination of certain cross references.

For additional information respecting the Proposed Amendments, see “Proposed Amendments—Description of Proposed Amendments to the Indenture.” The Proposed Amendments will be contained in the Supplemental Indenture. The Supplemental Indenture will become effective upon its execution and delivery by the Company and the Trustee, but will provide that the Proposed Amendments will not become operative until the Company has paid in full the Total Consideration.

Effect of the Proposed Amendments on Unpurchased Notes ...

Any Notes not purchased pursuant to the Tender Offer will remain outstanding. If the Requisite Consents are received, all Holders will be bound by the Proposed Amendments, whether or not any such Holder has tendered its Notes, its Notes have been purchased pursuant to the Tender Offer, has delivered Consents or otherwise has affirmatively objected to the Proposed Amendments. Non-consenting Holders of Notes (although bound by the Proposed Amendments), and Holders that have tendered Notes after the Early Tender Time, will not be entitled to the Early Tender Premium. Non-consenting Holders (whether or not they affirmatively objected to the Proposed Amendments) will not be entitled to any rights of appraisal or similar rights of dissenters (whether pursuant to the Indenture or the Company’s organizational instruments or otherwise) with respect to the adoption of the Proposed Amendments and the execution of a Supplemental Indenture. See “Certain Significant Consequences to Holders —Effect of the Proposed Amendments on Unpurchased Notes.”

As a result of the consummation of the Tender Offer, the aggregate principal amount of Notes that remains outstanding is expected to be reduced, which may adversely affect the liquidity and, consequently, the market prices for any Notes that remain outstanding after consummation of the Tender Offer. See “Certain Significant Consequences to Holders—Limited trading market.”

Withdrawal and Revocation .....

Tendered Notes may be validly withdrawn and Consents to the Proposed Amendment revoked any time at or prior to 5:00 p.m., New York City time, on August 1, 2023, unless extended. Accordingly, following the Withdrawal Deadline, any Notes validly tendered and Consents delivered (whether

before or after the Withdrawal Deadline) may no longer be validly withdrawn or revoked, unless the Company is required to extend withdrawal rights under applicable law. For the withdrawal of a tendered Note or delivered Consent to be valid, such withdrawal must comply with the procedures set forth in “The Terms of the Tender Offer and the Consent Solicitation—Withdrawal and Revocation.” The Company reserves the right, subject to applicable law, with respect to the Tender Offer to extend the Early Tender Time, Withdrawal Deadline or Expiration Date to a later date and time as announced by the Company. In the event that the Tender Offer and the Consent Solicitation are terminated or otherwise not completed, the Total Consideration or Tender Offer Consideration, as the case may be, relating to the Notes, will not be paid or become payable to Holders of such Notes, without regard to whether such Holders have validly tendered their Notes (in which case, such tendered Notes will be promptly returned to Holders).

To validly withdraw Notes, Holders must deliver a written or facsimile notice of withdrawal, or a properly transmitted “Request Message” through ATOP, with the required information (as set forth below under “The Terms of the Tender Offer and the Consent Solicitation—Withdrawal and Revocation”) at or prior to the Withdrawal Deadline. Notes validly withdrawn at or prior to the Withdrawal Deadline may be tendered and delivered again at or prior to the Expiration Date in accordance with the procedures set forth in this Offer to Purchase.

**Holders that have previously tendered Notes may not validly revoke Consents unless previously tendered Notes are validly withdrawn.**

Holders who do not tender all of their Notes must ensure that they retain a principal amount of the Notes amounting to at least the minimum denomination equal to U.S.\$200,000.
Tax Considerations.....	Each Holder should consult its tax advisor about the tax consequences of the Tender Offer and Consent Solicitation as they apply to such Holder’s individual circumstances. See “Taxation.”
Dealer Manager and Solicitation Agent.....	BofA Securities, Inc. is serving as Dealer Manager and Solicitation Agent in connection with the Tender Offer and the Consent Solicitation. The Dealer Manager and Solicitation Agent’s contact information appears on the back cover of this Offer to Purchase.
Tender and Information Agent and Tabulation Agent.....	D.F. Agent. Its contact information appears on the back cover page of this Offer to Purchase.

Trustee for the Notes ..... Citibank, N.A.

No brokerage commissions are payable by Holders to the Company, the Dealer Manager and Solicitation Agent or the Tender and Information Agent or the Tabulation Agent, except as provided herein. If your Notes are held through a broker or other Nominee who tenders the Notes on your behalf, such Nominee may charge you a commission for doing so. You should consult with your Nominee to determine whether any charges will apply. See “The Terms of the Tender Offer and the Consent Solicitation—Payment for Notes.”

The Company's obligation to accept for payment and to pay for any of the Notes in the Tender Offer is subject to the satisfaction or waiver of the conditions to the Tender Offer and the Consent Solicitation, including the satisfaction of the Exchange Condition, the Supplemental Indenture Condition and the General Conditions. See "—Conditions to the Tender Offer and the Consent Solicitation." No assurance can be given that the Exchange Condition will occur.

Subject to the terms and conditions of the Tender Offer and the Consent Solicitation, the consideration for each U.S.\$1,000 principal amount of Notes validly tendered and accepted for purchase pursuant to the Tender Offer will be the Tender Offer Consideration set forth in the table on the front cover of this Offer to Purchase. Holders of Notes that are validly tendered at or prior to the Early Tender Time and accepted for purchase pursuant to the Tender Offer, and who thereby concurrently deliver (and do not validly revoke), at or prior to the Early Tender Time, their Consent to the Proposed Amendments to the Indenture, will receive the Total Consideration, which includes the Early Tender Premium set forth in the table on the front cover of this Offer to Purchase. Holders of Notes tendered after the Early Tender Time, but before the Expiration Date, and accepted for purchase pursuant to the Tender Offer will receive the Tender Offer Consideration, but not the Early Tender Premium. No tenders will be valid if submitted after the Expiration Date.

In addition to the Tender Offer Consideration or the Total Consideration, as applicable, all Holders of Notes accepted for purchase pursuant to the Tender Offer will, on the applicable Settlement Date, also receive Accrued Interest, if any, on those Notes from the last interest payment date with respect to those Notes to, but not including, the applicable Settlement Date.

The Company will gross up the amounts due in respect of Accrued Interest, pursuant to the same methodology as specified in the Indenture.

The Tender Offer commenced on the date of this Offer to Purchase and will expire on the Expiration Date, unless extended or earlier terminated by the Company. No tenders will be valid if submitted after the Expiration Date. If a Nominee holds your Notes, such Nominee may have an earlier deadline for accepting the offer. You should promptly contact such

Nominee that holds your Notes to determine its deadline. The Tender Offer is open to all registered Holders of the Notes to whom it is legal to make such offer.

The “Settlement Date” in respect of any Notes that are validly tendered at or prior to the Early Tender Time and not validly withdrawn at or prior to the Withdrawal Deadline, and accepted by the Company for purchase in the Tender Offer and the Consent Solicitation, will be after the Early Tender Time but prior to the Expiration Time (as determined by the Company), subject to all conditions to the Tender Offer and the Consent Solicitation having been either satisfied or waived by the Company at the Early Settlement Date. The Company reserves the right, but is under no obligation, subject to the satisfaction or waiver of the conditions to the Tender Offer and the Consent Solicitation, to accept for purchase any or all of the Notes validly tendered at or prior to the Early Tender Time, on the Early Settlement Date. The Early Settlement Date will be determined at the Company’s option and is currently expected to occur on August 3, 2023, the second business day following the Early Tender Time. The “Settlement Date” in respect of any Notes that are validly tendered after the Early Tender Time but at or prior to the Expiration Date, and accepted by the Company for purchase in the Tender Offer and the Consent Solicitation, subject to all conditions to the Tender Offer and the Consent Solicitation having been either satisfied or waived by the Company, will be promptly after the Expiration Date, on the Final Settlement Date. The Final Settlement Date is expected to occur on the second business day following the Expiration Date. Any Notes that are tendered and accepted in the Tender Offer will be retired and canceled. There will be no proration of any tender of Notes for purchase. No tenders of Notes submitted after the Expiration Date will be valid.

The Company reserves the right, subject to applicable law, to (a) extend the Early Tender Time, Withdrawal Deadline or Expiration Date to a later date and time as announced by the Company; (b) waive or modify in whole or in part any and all conditions to the Tender Offer and/or the Consent Solicitation; (c) delay the acceptance for purchase of any Notes or delay the purchase of any Notes; or (d) otherwise modify or terminate the Tender Offer and/or the Consent Solicitation. In the event that the Tender Offer and the Consent Solicitation are terminated or otherwise not completed, the Total Consideration or Tender Offer Consideration, as the case may be, relating to the Notes, will not be paid or become payable to Holders of such Notes, without regard to whether such Holders have validly tendered their Notes (in which case, such tendered Notes will be promptly returned to Holders). The Company will publicly announce any extension, amendment or termination in the manner described under “—Announcements.” There can be no assurance that the Company will exercise its right to extend, terminate or amend the Tender Offer. See “—Expiration Date; Extension; Termination and Amendment.”

**Notwithstanding any other provision of the Tender Offer, the Company’s obligation to accept for purchase, and to pay for, any Notes validly tendered pursuant to the Tender Offer and the Consent Solicitation, is conditioned upon satisfaction of the Exchange Condition, the Supplemental Indenture Condition and General Conditions. The conditions to the Tender Offer and the Consent Solicitation are for the sole benefit of the Company and may be asserted by the Company, regardless of the circumstances giving rise to any such condition (including any action or inaction by the Company). The Company reserves the right, in its sole discretion, to waive any and all conditions of the Tender Offer and the Consent Solicitation at or prior to the Expiration Date (or the Early Settlement Date, if the Company elects to have an early settlement). See “—Conditions to the Tender Offer and the Consent Solicitation.”**

**This Tender Offer and the Consent Solicitation is not an offer to sell or a solicitation of an offer to buy any new senior unsecured notes issued by the Company.**

Withdrawal and revocation rights with respect to the Notes will terminate on the Withdrawal Deadline, unless required by applicable law. Accordingly, following the Withdrawal Deadline, any Notes validly tendered and Consents delivered (whether before or after the Withdrawal Deadline) may no longer be validly withdrawn or revoked. If you have previously tendered Notes, you may not validly revoke a Consent unless you validly withdraw your previously tendered Notes, and the valid withdrawal of your previously tendered Notes will constitute the concurrent proper revocation of your Consent. A valid withdrawal of tendered Notes at or prior to the Withdrawal Deadline will constitute the concurrent valid revocation of the related Consent. For the withdrawal of a tendered Note (and revocation of Consents) to be valid, such withdrawal and revocation must comply with the procedures set forth in “—Withdrawal and Revocation.” The Company reserves the right, subject to applicable law, to (a) extend or otherwise amend the Early Tender Time, Withdrawal Deadline or Expiration Date to a later date and time as announced by the Company; (b) waive or modify in whole or in part any and all conditions to the Tender Offer and/or the Consent Solicitation; (c) delay the acceptance for purchase of any Notes or delay the purchase of any Notes; or (d) otherwise modify or terminate the Tender Offer and/or the Consent Solicitation. In the event that the Tender Offer and the Consent Solicitation are terminated or otherwise not completed, the Total Consideration or Tender Offer Consideration, as the case may be, relating to the Notes, will not be paid or become payable to Holders of such Notes, without regard to whether such Holders have validly tendered their Notes (in which case, such tendered Notes will be promptly returned to Holders). The Company will publicly announce any extension, amendment or termination in the manner described under “—Announcements.” There can be no assurance that the Company will exercise its right to extend, terminate or amend the Tender Offer. See “—Expiration Date; Extension; Termination and Amendment.”

In the event that the Company modifies the Tender Offer Consideration, the Early Tender Premium or the Total Consideration, and there are fewer than 10 business days remaining from and including the date of the announcement of such

modification to the Expiration Date, the Company will extend the Expiration Date with respect to the Tender Offer so that at least 10 business days remain until the Expiration Date with respect to the Tender Offer.

**None of the Company, the Dealer Manager and Solicitation Agent, the Tender and Information Agent, the Tabulation Agent or any of their affiliates makes any recommendation that Holders tender or refrain from tendering all or any portion of the principal amount of their Notes, and no one has been authorized by any of them to make such a recommendation. Holders must make their own decision as to whether to tender their Notes, and, if so, the principal amount of Notes to tender.**

**Neither this Offer to Purchase nor any of the other documents related to the Tender Offer and the Consent Solicitation have been filed with or reviewed by any federal, state or foreign securities commission or regulatory authority, nor has any such commission or authority passed upon the accuracy or adequacy of this Offer to Purchase or any of the other documents related to the Tender Offer or the Consent Solicitation. Any representation to the contrary is unlawful and may be a criminal offense.**

At the Early Tender Time we expect to accept for payment any and all Notes validly tendered and not properly withdrawn at or before the Early Tender Time, provided we have received the Requisite Consents and the conditions to the Tender Offer and the Consent Solicitation have otherwise been satisfied or waived. In such instance, we also expect to accept for payment any and all Notes validly tendered after the Early Tender Time and at or before the Expiration Date.

#### **Payment for Notes**

Payment for Notes purchased pursuant to the Tender Offer will be made by the deposit of the Total Consideration or Tender Offer Consideration, as applicable, plus Accrued Interest and any additional amounts as set forth herein, in immediately available funds by the Company on the applicable Settlement Date with the Tender Agent, which will act as agent for tendering Holders for the purpose of receiving payment from the Company and transmitting such payment to tendering Holders, or directly with DTC. For purposes of the Tender Offer, the Company will be deemed to have accepted for purchase validly tendered Notes that have not been validly withdrawn if, as and when, the Company gives oral (confirmed in writing) or written notice thereof to the Tender Agent.

The Company expressly reserves the right, in the Company's sole discretion and subject to Rule 14e-1(c) under the U.S. Securities Exchange Act of 1934 (the "*Exchange Act*"), to delay acceptance for purchase of, or payment for, Notes if any of the conditions to the Tender Offer and the Consent Solicitation shall not have been satisfied or waived, or in order to comply, in whole or in part, with any applicable law. See "—Conditions to the Tender Offer and the Consent Solicitation." In all cases, payment by the Tender Agent to Holders or beneficial owners of the Total Consideration or Tender Offer Consideration, as applicable, and Accrued Interest and any additional amounts as set forth herein, for Notes purchased pursuant to the Tender Offer will be made only after timely receipt by the Tender Agent of (i) timely confirmation of a book-entry transfer of such Notes into the Tender Agent's account at DTC pursuant to the procedures set forth under "—Procedures for Tendering Notes and Delivering Consents," and (ii) a properly transmitted Agent's Message.

If any tendered Notes are not purchased pursuant to the Tender Offer for any reason, such Notes not purchased will be returned promptly, without expense, to the tendering Holder (or, in the case of Notes tendered by book-entry transfer, such Notes will be promptly credited to the account maintained at DTC from which Notes were delivered) after the expiration or termination of the Tender Offer.

Holders whose Notes are accepted for purchase pursuant to the Tender Offer will be entitled to receive the Total Consideration or Tender Offer Consideration for the Notes, as applicable, plus Accrued Interest and any additional amounts as set forth herein.

Under no circumstances will any additional interest be payable because of any delay in the transmission of funds to the Holders of purchased Notes or otherwise. Any Notes that are tendered and accepted in the Tender Offer will be retired and canceled. There will be no proration of any tender of Notes for purchase.

Tendering Holders of Notes purchased in the Tender Offer will not be obligated to pay brokerage commissions to the Company, the Dealer Manager and Solicitation Agent or the Tender and Information Agent or the Tabulation Agent, except for any processing fee payable as determined pursuant to the terms of this Offer to Purchase. The Company will pay or cause to be paid all transfer taxes with respect to the purchase of any Notes in the Tender Offer. If your Notes are held through a broker or other Nominee who tenders the Notes on your behalf, such broker or Nominee may charge you a commission for doing so. You should consult with your broker or Nominee to determine whether any charges will apply.

The Notes may be tendered and accepted for payment only in principal amounts equal to minimum denominations of U.S.\$200,000 and integral multiples of U.S.\$1,000 in excess thereof. Holders who do not tender all of their Notes must ensure that they retain a principal amount of the Notes amounting to at least the minimum denomination equal to U.S.\$200,000.

Our obligations to accept for purchase and pay for Notes and to accept and pay for Consents pursuant to the Tender Offer and the Consent Solicitation is subject to the satisfaction of, or where applicable, our waiver of, the conditions set forth under “The Terms of the Tender Offer and the Consent Solicitation—Conditions to the Tender Offer and the Consent Solicitation,” including the Exchange Condition, the Supplemental Indenture Condition and the General Conditions.

#### **No Separate Consent Payment**

No separate Consent payment or fee is being offered or will be paid to Holders in the Consent Solicitation.

#### **Processing Fee**

To reimburse the time and cost of tendering Notes, the Company will pay a processing fee to brokers acting on behalf of certain beneficial owners of Notes who tender Notes for processing the tender of these Notes. This processing fee will be paid only with respect to individual tenders of a principal amount of U.S.\$500,000 or less and will be an amount equal to 0.25% of the principal amount of the tendered Notes in respect of which a request for a processing fee is made and that are ultimately accepted for purchase.

The request for the processing fee must be made directly to the Tender Agent by the processor. No processing fee will be paid in respect of any Notes for which no request is provided. If information is incomplete or the eligible holder is unable to verify the processor’s eligibility, then no such fee shall be paid. The processing fee will be paid by credit of the fee to the account of the direct participant in DTC, Euroclear or Clearstream (as the case may be) from which the Notes were tendered. The Tender Agent will deliver the processing fee on behalf of the Company. If, 30 days after the settlement date, the Tender Agent, after making a reasonable effort, is unable to deliver a processing fee for any reason (including a direct participant’s inability or unwillingness to receive the processing fee), then such direct participant shall forfeit its right to such processing fee and the Tender Agent will return it to the Company.

No person in the United States may receive the processing fee unless such person is a member of the National Association of Securities Dealers, Inc. or a bank legally authorized to receive such fees.

#### **Conditions to the Tender Offer and the Consent Solicitation**

The Company’s obligation to accept for purchase, and to pay for, Notes validly tendered (and not validly withdrawn) pursuant to the Tender Offer and the Consent Solicitation is subject to the satisfaction or waiver of the conditions to the Tender Offer and the Consent Solicitation, including the satisfaction of the Exchange Condition, the Supplemental Indenture Condition and the General Conditions. Further, notwithstanding any other provision of this Offer to Purchase, and in addition to (and not in limitation of) the Company’s right to extend and amend the Tender Offer at any time, in the Company’s sole discretion, the Company will not be required to accept for purchase, or to pay for, Notes validly tendered and to accept and pay for Consents validly delivered pursuant to the Tender Offer and the Consent Solicitation and may terminate, extend or amend the Tender Offer, and may (subject to Rule 14e-1(c) under the Exchange Act, which requires that an offeror pay the consideration offered or return the securities deposited by or on behalf of the Holders thereof promptly after the termination or withdrawal of a tender offer) postpone the acceptance for purchase of, and payment for, Notes so tendered, and may terminate the Tender Offer and the Consent Solicitation, if, before such time as any Notes have been accepted for purchase pursuant to the Tender Offer, the following events and conditions exist or shall occur and remain in effect or shall be determined by the Company to exist (or that it is reasonably likely that such conditions will exist) or have occurred (or that it is reasonably likely that such conditions will occur).

All the following events and conditions (the “*General Conditions*”) shall be deemed to be satisfied unless any of the following conditions shall occur after the date of this Offer to Purchase and at or prior to the Expiration Date (or the Early Settlement Date, if the Company elects to have an early settlement):

- (1) there shall have been instituted, threatened or be pending any action, proceeding or investigation (whether formal or informal) (or there shall have been any material adverse development with respect to any action or proceeding currently instituted, threatened or pending) before or by any court, governmental, regulatory or administrative agency or instrumentality, or by any other person, in connection with the Tender Offer that, in the reasonable judgment of the Company, either (a) is, or is likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), assets, liabilities or prospects of the Company, or (b) would or might prohibit, prevent, restrict or delay consummation of the Tender Offer or amending any provision of the Indenture as contemplated by the Consent Solicitation, including without limitation any

actual or threatened legal impediment (such as a default under an agreement, indenture or other instrument or obligation to which the Company is bound) to the acceptance for purchase of, or payment for, Notes, or the scope, validity or effectiveness of the Consents solicited hereby;

- (2) an order, statute, rule, regulation, executive order, stay, decree, judgment or injunction shall have been proposed, enacted, entered, issued, promulgated, enforced or deemed applicable by any court or governmental, regulatory or administrative agency or instrumentality that, in the reasonable judgment of the Company, either (a) would or might prohibit, prevent, restrict or delay consummation of the Tender Offer or amending any provision of the Indenture as contemplated by the Consent Solicitation, including without limitation any actual or threatened legal impediment (such as a default under an agreement, indenture or other instrument or obligation to which the Company is bound) to the acceptance for purchase of, or payment for, Notes, or the scope, validity or effectiveness of the Consents solicited hereby, or (b) is, or is likely to be, materially adverse to the business, operations, properties, condition (financial or otherwise), assets, liabilities or prospects of the Company;
- (3) there shall have occurred or be likely to occur any event affecting the business or financial affairs of the Company that, in the reasonable judgment of the Company, would or might prohibit, prevent, restrict or delay consummation of the Tender Offer or the Consent Solicitation;
- (4) the trustee with respect to the Notes shall have objected in any respect to or taken action that could, in the reasonable judgment of the Company, adversely affect the consummation of the Tender Offer, amending any provision of the Indenture or the Notes as contemplated in the Consent Solicitation, or shall have taken any action that challenges the validity or effectiveness of the procedures used by the Company in the making of the Tender Offer or the acceptance of, or payment for, the Notes; or
- (5) there has occurred (a) any general suspension of, or limitation on prices for, trading in securities or financial markets of either the United States, the Chile or other major securities or financial markets, (b) any significant adverse change in the price of the Notes in the United States, Chile or other major securities or financial markets, (c) a material impairment in the trading market for debt securities, (d) a declaration of a banking moratorium or any suspension of payments with respect to banks in the United States, Chile or other major financial markets, (e) any limitation (whether or not mandatory) by any government or governmental, administrative or regulatory authority or agency, domestic or foreign, or other event that, in the reasonable judgment of the Company, might affect the extension of credit by banks or other lending institutions, (f) a commencement of a war, armed hostilities, terrorist acts or other national or international calamity directly or indirectly involving the United States, Chile or (g) in the case of any of the foregoing existing on the date hereof, in the reasonable judgment of the Company, a material acceleration or worsening thereof.

In addition, notwithstanding any other provision of the Tender Offer and the Consent Solicitation, the Company will not be required to accept for purchase and pay for any validly tendered Notes (and not validly withdrawn) pursuant to the Tender Offer and to accept and pay for the Consents that are validly delivered (and not validly revoked) pursuant to the Consent Solicitation if the following shall not be satisfied (or if the Company determines in its discretion that it is reasonably likely that any of such conditions will not be satisfied) at or prior to the Expiration Date (or the Early Settlement Date, if the Company elects to have an early settlement):

- (1) the Supplemental Indenture, which will implement the Proposed Amendments, upon receipt of the Requisite Consents, shall have been executed and delivered by us and the Trustee and shall be effective (the “*Supplemental Indenture Condition*”), provided that the Supplemental Indenture will provide that the Proposed Amendments will not become operative until the Company has paid in full the Total Consideration; and
- (2) the valid tender in the Tender Offer and the Exchange Offer taken together, without subsequent withdrawal, of Notes having an aggregate principal amount of at least U.S.\$246,447,900.00, or 90.0% of the Outstanding Notes and the consummation of the Exchange Offer in accordance with the terms thereof (the “*Exchange Condition*”).

The foregoing conditions are for the Company’s sole benefit and may be asserted by the Company regardless of the circumstances, including any action or inaction by the Company, giving rise to such condition or may be waived by the Company in whole or in part at any time and from time to time in its sole discretion. If any condition to the Tender Offer and the Consent Solicitation is not satisfied or waived by the Company at or prior to the applicable Settlement Date, the Company reserves the right, but will not be obligated, subject to applicable law:

- to terminate the Tender Offer and the Consent Solicitation and return any tendered Notes;

- to waive all unsatisfied conditions and accept for purchase Notes that are validly tendered at or prior to the Expiration Date (or the Early Settlement Date, if the Company elects to have an early settlement);
- to extend the Tender Offer and the Consent Solicitation and retain the Notes that have been tendered during the period for which the Tender Offer and the Consent Solicitation are extended; or
- to otherwise amend the Tender Offer and the Consent Solicitation.

The failure by the Company at any time to exercise any of the foregoing rights will not be deemed a waiver of any other right and each right will be deemed an ongoing right that may be asserted at any time and from time to time.

### **Procedures for Tendering Notes and Delivering Consents**

The method of delivery of Notes and all other required documents, including delivery through DTC and any acceptance of an Agent's Message transmitted through ATOP, is at the election and risk of the person tendering Notes and transmitting an Agent's Message and delivery will be deemed made only when actually received by the Tender Agent. In addition, in order for Holders to participate in the Consent Solicitation, they must participate in the Tender Offer. DELIVERY OF DOCUMENTS TO DTC DOES NOT CONSTITUTE DELIVERY TO THE TENDER AGENT. Holders desiring to tender Notes must allow sufficient time for completion of the ATOP procedures during normal business hours of DTC. In no event shall the Holder send any documents to the Dealer Manager and Solicitation Agent or to the Company.

#### ***Tender of Notes Held Through a Nominee***

To effectively tender Notes and deliver Consents with respect of Notes that are held of record by a Nominee, the beneficial owner thereof must instruct such Nominee to tender the Notes on the beneficial owner's behalf. Any beneficial owner of Notes held of record by DTC or its Nominee, through authority granted by DTC, may direct the DTC participant through which such beneficial owner's Notes are held in DTC to tender Notes and deliver Consents on such beneficial owner's behalf.

#### ***Tender of Notes Held Through DTC***

The Company has confirmed with DTC that the Notes may be tendered and Consents delivered using ATOP procedures instituted by DTC. DTC participants may electronically transmit their acceptance of the Tender Offer and the Consent Solicitation by causing DTC to transfer their outstanding Notes to the Tender Agent using the ATOP procedures.

To effectively tender Notes and deliver Consents with respect of Notes that are held through DTC, DTC participants should electronically transmit their acceptance through ATOP (and thereby tender the Notes and deliver Consents), for which the transaction will be eligible, followed by a properly transmitted Agent's Message delivered to the Tender Agent. Upon receipt of such Holder's acceptance through ATOP, DTC will edit and verify the acceptance and send an Agent's Message to the Tender Agent for its acceptance. Delivery of tendered Notes must be made to the Tender Agent pursuant to the book-entry delivery procedures set forth below.

Except as provided below, unless the Notes being tendered are deposited with the Tender Agent at or prior to the Early Tender Time or the Expiration Date, as applicable (accompanied by a properly transmitted Agent's Message, as applicable), the Company may, at its option, treat such tender as defective for purposes of the right to receive the Total Consideration or Tender Offer Consideration, respectively. Payment for tendered Notes will be made only against deposit of the tendered Notes and delivery of all other required documents.

In order to validly tender Notes at or prior to the Early Tender Time or the Expiration Date, as applicable, a DTC participant using ATOP must also properly transmit an Agent's Message. Pursuant to authority granted by DTC, any DTC participant that has Notes credited to its DTC account at any time (and thereby held of record by DTC's nominee) may directly instruct the Tender Agent to tender Notes at or prior to the Early Tender Time or the Expiration Date, as applicable, as though it were the registered Holder thereof by so transmitting an Agent's Message.

There is no consent and letter of transmittal in connection with the Tender Offer and Consent Solicitation. The valid electronic tender of Notes in accordance with DTC's ATOP procedures shall constitute a tender of Notes and delivery of Consents pursuant to the Tender Offer.

#### ***Book-Entry Delivery and Tender of Notes Through ATOP***

Promptly after commencement of the Tender Offer, the Tender Agent will establish one or more new accounts (or utilize existing accounts) with respect to the Notes at DTC for purposes of the Tender Offer and Consent Solicitation (to the

extent such arrangements have not been made previously by the Tender Agent). Any financial institution that is a participant in DTC may make book-entry delivery of the Notes credited to such participant's DTC account by causing DTC to transfer such Notes into the Tender Agent's account or accounts at DTC in accordance with DTC's procedures for such transfer. Although delivery of Notes may be effected through book-entry transfer into the Tender Agent's account at DTC, an Agent's Message, and any other required documents, must, in any case, be transmitted to and received by the Tender Agent at or prior to the Early Tender Time or the Expiration Date, as applicable. Delivery of documents to DTC does not constitute delivery to the Tender Agent. The confirmation of a book-entry transfer into the Tender Agent's account at DTC as described above is referred to herein as a "Book-Entry Confirmation."

The term "*Agent's Message*" means a message transmitted by DTC to, and received by, the Tender Agent and forming a part of the Book-Entry Confirmation, which states that DTC has received an express acknowledgment from the tendering participant stating (i) the aggregate principal amount of Notes to be tendered by such participant and (ii) that such participant has received copies of the Offer to Purchase and agrees to be bound by the terms and conditions of the Tender Offer and the Consent Solicitation as described herein.

Any Holder who holds Notes through Clearstream or Euroclear must also comply with the applicable procedures of Clearstream or Euroclear, as applicable, in connection with a tender of Notes and deliver Consents. Both Clearstream and Euroclear are indirect participants in the DTC system.

**THE NOTES, CONSENTS AND AGENT'S MESSAGE SHOULD BE SENT ONLY TO THE TENDER AGENT, AND NOT TO THE COMPANY, THE DEALER MANAGER AND SOLICITATION AGENT, THE TRUSTEE OR TO DTC (OR ANY OTHER BOOK-ENTRY TRANSFER FACILITY).**

#### ***General***

Only Holders are authorized to tender their Notes. The procedures by which Notes may be tendered by beneficial owners that are not Holders will depend upon the manner in which the Notes are held. Therefore, to effectively tender Notes that are held through a Nominee, the beneficial owner thereof must instruct such Nominee to tender the Notes on the beneficial owner's behalf according to the procedures described above. DTC has authorized DTC participants that hold Notes on behalf of beneficial owners of Notes through DTC to tender their Notes as if they were the Holders.

The tender of Notes by a Holder (and the acceptance of such tender by the Company) pursuant to the procedures set forth above will constitute a binding agreement between such Holder and the Company in accordance with the terms and subject to the conditions set forth herein. The valid tender of Notes pursuant to the Tender Offer and the Consent Solicitation and in accordance with the procedures described above will be deemed to constitute delivery of a Consent to the Proposed Amendments and to the execution and delivery of the Supplemental Indenture. Holders who tender their Notes pursuant to the Tender Offer and the Consent Solicitation are obligated to deliver their Consents to the Proposed Amendments and to the execution and delivery of the Supplemental Indenture.

Notwithstanding any other provision hereof, payment of the Tender Offer Consideration or Total Consideration, as the case may be, for Notes validly tendered and accepted for payment pursuant to the Tender Offer will, in all cases, be made only after timely receipt (*i.e.*, at or prior to the Early Tender Time if the Holder is to receive the Total Consideration, and at or prior to the Expiration Date if the Holder is to receive only the Tender Offer Consideration) by the Tender Agent of a Book-Entry Confirmation (as defined above) of the transfer of such Notes into the Tender Agent's account at DTC, as described above, and a properly transmitted Agent's Message.

**The Company, in its sole discretion, will determine all questions as to the form of documents and validity, eligibility (including time of receipt), acceptance for payment and withdrawal of validly tendered Notes and revocation of validly delivered Consents, and such determinations will be final and binding. The Company reserves the absolute right to reject any and all tenders of Notes and delivery of Consents that the Company determines are not in proper form or where the acceptance for purchase of, or payment for, such Notes may, in the opinion of the Company's counsel, be unlawful. The Company also reserves the absolute right in its sole discretion to waive any of the conditions of the Tender Offer and the Consent Solicitation or any defect or irregularity in the tender of Notes or delivery of Consents of any particular Holder, whether or not similar conditions, defects or irregularities are waived in the case of other Holders. The Company's interpretation of the terms and conditions of the Tender Offer and the Consent Solicitation will be final and binding.**

Any defect or irregularity in connection with tenders of Notes or delivery of Consents must be cured within such time as the Company determines, unless waived by the Company. Tenders of Notes and delivery of Consents shall not be deemed to have been made until all defects or irregularities have been waived or cured. None of the Company, the Dealer Manager and Solicitation Agent, the Tender and Information Agent, the Tabulation Agent or any other person will be under any duty to give notification of any defects or irregularities in tenders or notices of withdrawal or will incur any liability for failure to give any

such notification. If the Company waives its right to reject a defective tender of Notes or delivery of Consents, the Holder will be entitled to the Total Consideration or the Tender Offer Consideration, as applicable, plus Accrued Interest and any additional amounts as set forth herein.

#### ***Withholding Tax***

Under applicable tax laws, the withholding agent may be required to withhold tax on payments made to certain Holders pursuant to the Tender Offer. The Company will gross up the amounts due in respect of Accrued Interest, pursuant to the same methodology as specified in the Indenture. See "Taxation."

#### ***No Guaranteed Delivery***

There are no guaranteed delivery procedures available with respect to the Tender Offer and the Consent Solicitation under the terms of this Offer to Purchase or any related materials. Holders must tender their Notes and thereby concurrently deliver their Consents in accordance with the procedures set forth in this section.

#### ***No Alternative, Conditional or Contingent Tenders***

No alternative, conditional or contingent tenders of Notes will be accepted pursuant to the Tender Offer. All questions as to the form of all documents and acceptance of all tenders of Notes will be determined by the Company, in its sole discretion, the determination of which shall be conclusive and binding.

#### ***Representations, Warranties and Undertakings***

By tendering Notes and delivering Consents pursuant to this Offer to Purchase (including by accepting a Tender Offer through ATOP), the Holder is deemed to represent, warrant and undertake to the Company, the Tender Agent, the Tabulation Agent and the Dealer Manager and Solicitation Agent that:

- (1) the tendering Holder has received the Offer to Purchase;
- (2) the Notes are, at the time of acceptance, and will continue to be, until the payment on the applicable Settlement Date, or the termination or withdrawal of the Tender Offer, or, in the case of Notes in respect of which the tender has been withdrawn, the date on which such tender is validly withdrawn, held by it;
- (3) the tendering Holder acknowledges that all authority conferred or agreed to be conferred pursuant to these representations, warranties and undertakings and every obligation of the tendering Holder shall be binding upon the successors, assigns, heirs, executors, administrators, trustee in bankruptcy and legal representatives of the tendering Holder and shall not be affected by, and shall survive, the death or incapacity of the tendering Holder;
- (4) the tendering Holder has full power and authority to tender, sell, assign and transfer the tendered Notes and deliver the related Consents;
- (5) the Notes will, on the applicable Settlement Date be transferred by such tendering Holder to the Company in accordance with the terms of the Tender Offer, and the Company will acquire good, marketable and unencumbered title thereto, with full title guarantee free and clear of all liens, restrictions, charges and encumbrances, not subject to any adverse claim or right, and together with all rights attached thereto; and
- (6) the tendering Holder will, upon request, execute and deliver any documents deemed by the Dealer Manager and Solicitation Agent, the Tabulation Agent, Tender Agent, the Trustee or the Company to be necessary or desirable to complete the sale, assignment and transfer of the Notes tendered, the delivery of the Consents and the amendment of the Indenture.

By tendering Notes as set forth herein, and subject to and effective upon acceptance for purchase of, and payment for, the Notes tendered therewith, a tendering Holder (i) irrevocably sells, assigns and transfers to, or upon the order of, the Company all right, title and interest in and to all the Notes tendered thereby and accepted for purchase pursuant to the terms hereof, (ii) consent to the Proposed Amendments that are described in this Offer to Purchase under "Proposed Amendments," and to the execution and delivery of the Supplemental Indenture to the Indenture (hereby revoking any previously submitted disapproval or abstention), in each case with respect to the aggregate principal amount of Notes so tendered, (iii) waives any and all other rights with respect to the Notes (including, without limitation, the tendering Holder's waiver of any existing or past defaults and their consequences in respect of the Notes and the Indenture), (iv) releases and discharges the Company from any and all claims such

Holder may have now, or may have in the future, arising out of, or related to, such Notes, including, without limitation, any claims that such Holder is entitled to receive additional principal or interest payments with respect to such Notes or to participate in any repurchase, redemption or defeasance of the Notes, and (v) irrevocably constitutes and appoints the Tender Agent as the true and lawful agent and attorney-in-fact of such Holder (with full knowledge that the Tender Agent also acts as the agent of the Company) with respect to any such tendered Notes, with full power of substitution and resubstitution (such power of attorney being deemed to be an irrevocable power coupled with an interest) to (a) transfer ownership of such Notes on the account books maintained by DTC, together with all accompanying evidences of transfer and authenticity, to, or upon the order of, the Company, (b) present such Notes for transfer on the relevant security register, and (c) receive all benefits or otherwise exercise all rights of beneficial ownership of such Notes (except that the Tender Agent will have no rights to, or control over, funds from the Company, except as agent for the tendering Holders, for the purchase price, plus any Accrued Interest and any additional amounts as set forth herein, of Notes tendered pursuant to the Tender Offer, as determined pursuant to the terms of this Offer to Purchase, for any tendered Notes that are purchased by the Company).

**By tendering Notes pursuant to the Tender Offer, the Holder will be deemed to have agreed that the delivery and surrender of the Notes is not effective, and the risk of loss of the Notes does not pass to the Tender Agent, until receipt by the Tender Agent of a properly transmitted Agent's Message together with all accompanying evidences of authority and any other required documents in form satisfactory to the Company.**

#### ***Compliance with "Short Tendering" Rule***

It is a violation of Rule 14e-4 under the Exchange Act for a person, directly or indirectly, to tender Notes in a partial tender offer for their own account unless the person so tendering (a) has a net long position equal to or greater than the aggregate principal amount of the Notes being tendered and (b) will cause such Notes to be delivered in accordance with the terms of the Tender Offer. Rule 14e-4 provides a similar restriction applicable to the tender or guarantee of a tender on behalf of another person.

A tender of Notes in the Tender Offer under any of the procedures described above will constitute a binding agreement between the tendering Holder and the Company with respect to such Notes upon the terms and subject to the conditions of the Tender Offer and the Consent Solicitation, including the tendering Holder's acceptance of the terms and conditions of the Tender Offer and the Consent Solicitation, as well as the tendering Holder's representation and warranty that (a) such Holder has a net long position in the Notes being tendered pursuant to the Tender Offer within the meaning of Rule 14e-4 under the Exchange Act, and (b) the tender of such Notes complies with Rule 14e-4.

#### **Withdrawal and Revocation**

Withdrawal and revocation rights with respect to the Notes will terminate on the Withdrawal Deadline, unless extended pursuant to applicable law. Accordingly, following the Withdrawal Deadline, any Notes validly tendered and Consents delivered (whether before or after the Withdrawal Deadline) may no longer be validly withdrawn or revoked. If you have previously tendered Notes, you may not validly revoke a Consent unless you validly withdraw your previously tendered Notes, and the valid withdrawal of your previously tendered Notes will constitute the concurrent proper revocation of your Consent. A valid withdrawal of tendered Notes at or prior to the Withdrawal Deadline will constitute the concurrent valid revocation of the related Consent.

The Company reserves the right, subject to applicable law, to (a) extend or otherwise amend the Early Tender Time, Withdrawal Deadline or the Expiration Date to a later date and time as announced by the Company; (b) waive or modify in whole or in part any and all conditions to the Tender Offer and/or the Consent Solicitation; (c) delay the acceptance for purchase of any Notes or delay the purchase of any Notes; or (d) otherwise modify or terminate the Tender Offer and/or the Consent Solicitation. Pursuant to Rule 14e-1 under the Exchange Act, if the Company increases or decreases any portion of the Total Consideration or Tender Offer Consideration for the Notes, then it will extend the Tender Offer, to the extent required by applicable law, and, if required by applicable law, extend the Withdrawal Deadline.

For a withdrawal of Notes to be valid, the Tender Agent must timely receive a written or facsimile notice of withdrawal at one of its addresses set forth on the last page of this document, or a properly transmitted "Request Message" through ATOP must be received by the Tender Agent, in each case before the Withdrawal Deadline. The withdrawal notice must:

- specify the name of the person that tendered the Notes to be withdrawn and, if different, the record holder of such Notes (or, in the case of Notes tendered by book-entry transfer, the name of the DTC participant for whose account such Notes were tendered and such participant's account number at DTC to be credited with the withdrawn Notes);
- contain a description(s) of the Notes to be withdrawn, including the CUSIP number(s) and the aggregate principal amount represented by such Notes to be withdrawn; and

- be signed by such participant in the same manner as the participant's name is listed on the Agent's Message or be accompanied by documents of transfer sufficient to have the trustee register the transfer of the Notes into the name of the person withdrawing such Notes.

If the Notes to be withdrawn have been delivered or otherwise identified to the Tender Agent, a signed notice of withdrawal is effective immediately upon written or facsimile notice of withdrawal, even if physical release is not yet effected by the Tender Agent. Any Notes validly withdrawn will be deemed to be not validly tendered for purposes of the Tender Offer.

Holders may not rescind their withdrawal of tendered Notes and any Notes validly withdrawn will thereafter be deemed not validly tendered for purposes of the Tender Offer. Validly withdrawn Notes may, however, be tendered again by following one of the procedures described above under "—Procedures for Tendering Notes and Delivering Consents" at any time at or prior to the Expiration Date.

Holders may accomplish valid withdrawals of Notes only in accordance with the foregoing procedures.

All questions as to the validity (including time of receipt) of notices of withdrawal will be determined by the Company in its sole discretion, which determination shall be final and binding. None of the Company, the Dealer Manager and Solicitation Agent, the Tender and Information Agent, the Tabulation Agent, the trustee with respect to the Notes or any other person will be under any duty to give notification of any defects or irregularities in any notice of withdrawal or will incur any liability for failure to give any such notification.

## **Acceptance of Notes for Purchase; Accrual of Interest**

### ***Acceptance of Notes for Purchase***

The Company will be deemed to have accepted for purchase pursuant to the Tender Offer and thereby have purchased validly tendered Notes pursuant to the Tender Offer if, as and when it gives oral or written notice to the Tender Agent of the Company's acceptance of such Notes for purchase pursuant to the Tender Offer. In all cases, payment for Notes purchased pursuant to the Tender Offer will be made by deposit of cash relating to the Tender Offer.

Payment for Notes purchased pursuant to the Tender Offer will be made by the deposit of the Total Consideration or Tender Offer Consideration, as applicable, plus Accrued Interest and any additional amounts as set forth herein, in immediately available funds by the Company on the applicable Settlement Date with the Tender Agent, which will act as agent for tendering Holders for the purpose of receiving payment from the Company and transmitting such payment to tendering Holders, or directly with DTC. Any Notes that are tendered and accepted in the Tender Offer will be retired and canceled.

The Company may, but is not obligated to, elect to have an Early Settlement Date and to decide following the Early Tender Time and at or prior to the Expiration Date to accept any or all of the Notes validly tendered at or prior to the Early Tender Time; *provided* that all conditions to the Tender Offer and the Consent Solicitation have been satisfied or waived by the Company at the Early Tender Time. If the Company elects to have an Early Settlement Date, such exercise will be announced by no later than 9:00 a.m., New York City time, or as soon as practical thereafter, on the first business day after the Early Tender Time by means of issuing a release to a nationally recognized news service or using such other means of announcement as the Company deems appropriate.

Notes tendered at or prior to the Early Tender Time that are accepted will be settled on the Early Settlement Date, if the Company so elects, which will be the second business day after the Early Tender Time. On the Final Settlement Date, the Company will settle all Notes accepted for purchase and not previously settled on the Early Settlement Date, if any, and the Company expects such date to be two business days following the Expiration Date. Any Notes that are accepted for purchase by the Company will be cancelled.

The Company expressly reserves the right, in the Company's sole discretion and subject to Rule 14e-1(c) under the Exchange Act, to delay acceptance for purchase of, or payment for, Notes in order to comply, in whole or in part, with any applicable law. See "—Conditions to the Tender Offer and the Consent Solicitation." In all cases, payment by the Tender Agent to Holders of consideration for Notes accepted for purchase pursuant to the Tender Offer will be made only after timely receipt by the Tender Agent of:

- confirmation of a book-entry transfer of such Notes into the Tender Agent's account at DTC pursuant to the procedures set forth under "—Procedures for Tendering Notes and Delivering Consents"; and
- a duly completed Agent's Message through the facilities of DTC.

If the Tender Offer and the Consent Solicitation are terminated or withdrawn, or the Notes subject to the Tender Offer are not accepted for purchase, no consideration will be paid or payable to Holders of those Notes. If any tendered Notes are not purchased pursuant to the Tender Offer for any reason, Notes tendered by book-entry transfer will be credited to the account maintained at DTC from which those Notes were delivered promptly following the Expiration Date or termination of the Tender Offer.

The Company reserves the right to transfer or assign, in whole at any time or in part from time to time, to one or more of its affiliates, the right to purchase Notes validly tendered pursuant to the Tender Offer but any such transfer or assignment will not relieve the Company of its obligations under the Tender Offer and the Consent Solicitation or prejudice the rights of tendering Holders to receive consideration pursuant to the Tender Offer and the Consent Solicitation.

Holders will not be obligated to pay brokerage fees or commissions or transfer taxes with respect to the Company's purchase of the Notes pursuant to the Tender Offer and the Consent Solicitation, except as provided hereby. If you hold Notes through a broker or bank, you should consult that institution as to whether it charges any service fees. The Company will pay certain fees and expenses of the Dealer Manager and Solicitation Agent, the Tender Agent, the Information Agent and the Tabulation Agent in connection with the Tender Offer and Consent Solicitation. See "Dealer Manager and Solicitation Agent, Tender and Information Agent and Tabulation Agent."

### ***Accrual of Interest***

Holders who tender Notes that are accepted for purchase pursuant to the Tender Offer will receive Accrued Interest.

**Under no circumstances will any additional interest be payable because of any delay subsequent to the Settlement Date in the transmission of funds to the Holders of purchased Notes or otherwise.**

### **Expiration Date; Extension; Termination and Amendment**

The Tender Offer will expire on the Expiration Date, as defined on the cover page of this Offer to Purchase, unless amended, extended or terminated by the Company.

The Company reserves the right, at any time, to extend the Early Tender Time and the Expiration Date. In addition, subject to applicable law, the Company expressly reserves the right, in the Company's sole discretion, to terminate or withdraw the Tender Offer and the Consent Solicitation at any time. If the Tender Offer and the Consent Solicitation are terminated at any time, the Notes tendered and not previously accepted and purchased will be promptly returned to the tendering Holders. There can be no assurance that the Company will exercise the Company's right to extend, terminate or amend the Tender Offer or the Consent Solicitation. Irrespective of any amendment to the Tender Offer or the Consent Solicitation, all Notes previously tendered pursuant to the Tender Offer and not accepted for purchase will remain subject to the Tender Offer and may be accepted thereafter for purchase by the Company, and all Consents to the Proposed Amendments will remain effective, except when such acceptance is prohibited by law.

The Company will publicly announce any extension, amendment or termination in the manner described under "—Announcements." There can be no assurance that the Company will exercise its right to extend, terminate or amend the Tender Offer.

If the Company makes a material change in the terms of the Tender Offer or the information concerning the Tender Offer, the Company will disseminate additional materials and extend the Tender Offer to the extent required by law. If the Consent Solicitation is amended at or prior to the Early Tender Time in a manner determined by us to constitute a material change to Holders, the Company will disseminate additional Consent Solicitation materials and, if necessary, extend such Consent Solicitation for a period we deem to be adequate and in accordance with applicable law to permit Holders to deliver or revoke their Consents. If any such amendment occurs after the Early Tender Time, we may withdraw the Supplemental Indenture, and we may solicit Consents for a revised Supplemental Indenture.

In the event of a termination of the Tender Offer, none of the Total Consideration, the Early Tender Premium or the Tender Offer Consideration will be paid or become payable on such Notes.

Please note that the terms of any extension of, or amendment of the terms of, the Tender Offer or the Consent Solicitation may vary from the terms of the original Tender Offer or Consent Solicitation depending on such factors as prevailing interest rates and the principal amount of Notes previously tendered or otherwise purchased.

### **Additional Terms of the Tender Offer and the Consent Solicitation**

- All communications, payments, notices, certificates, or other documents to be delivered to or by a Holder will be delivered by or sent to or by it at the Holder's own risk.
- By submitting a valid electronic acceptance instruction, a Holder will be deemed to have given the representations, warranties and undertakings of the Holder set forth above in "—Procedures for Tendering Notes and Delivering Consents—Representations, Warranties and Undertakings."
- All acceptances of tendered Notes and delivered Consents by the Company shall be deemed to be made on the terms set out in this Offer to Purchase (and shall be deemed to be given in writing even if submitted electronically).
- The Company may in the Company's sole discretion elect to treat as valid a tender instruction or delivered Consent in respect of which the relevant Holder does not fully comply with all the requirements of these terms.
- Unless waived by the Company, any irregularities in connection with tenders of such Notes or delivery of the corresponding Consents must be cured within such time as the Company shall determine. None of the Company, the Dealer Manager and Solicitation Agent, the Tender and Information Agent, the Tabulation Agent or any other person (including the trustee) shall be under any duty to give notification of any defects or irregularities in such tenders of Notes, nor will any of such entities incur any liability for failure to give such notifications. Tenders of Notes and delivery of Consents may be deemed not to have been made until such irregularities have been cured or waived.
- None of the Company, the Dealer Manager and Solicitation Agent, the Tender and Information Agent, the Tabulation Agent or the trustee shall accept any responsibility for failure of delivery of a notice, communication or electronic acceptance instruction.
- Any rights or claims which a Holder may have against the Company in respect of any tendered Notes or delivered Consents, or the Tender Offer and the Consent Solicitation shall be extinguished or otherwise released upon the payment to such Holder of the consideration for the tendered Notes and any accrued interest, as determined pursuant to the terms of the Tender Offer, for such Notes.
- Without limiting the manner in which the Company may choose to make any public announcement, the Company shall have no obligation to publish, advertise or otherwise communicate any such public announcement other than by issuing a press release or giving notice to the Tender Agent and the Dealer Manager and Solicitation Agent.
- There are no appraisal or similar statutory rights available to the Holders in connection with the Tender Offer or the Consent Solicitation.
- The contract constituted by the Company's acceptance for purchase in accordance with the terms of this Offer to Purchase of all Notes validly tendered (or defectively tendered, if such defect has been waived by the Company) shall be governed by and construed in accordance with the law of the State of New York.

### **Announcements**

If the Company is required to make an announcement relating to an extension of the Withdrawal Deadline, the Early Tender Time or the Expiration Date for the Tender Offer, an amendment or termination of the Tender Offer or Consent Solicitation, acceptance of the Notes for purchase, or otherwise, the Company will do so as promptly as practicable and, in the case of an extension or acceptance, no later than 9:00 a.m., New York City time, on the business day after the previously scheduled Withdrawal Deadline, Early Tender Time or Expiration Date, as applicable. Unless otherwise specified in this Offer to Purchase, the Company may choose to issue an announcement of this type in any reasonable manner, but it will have no obligation to do so other than by issuing a press release or a notice sent via DTC.

## PROPOSED AMENDMENTS

### Description of Proposed Amendments to the Indenture

The following summarizes the Proposed Amendments for which consents are being sought pursuant to the Consent Solicitation. The summary set forth below of the provisions of the Indenture that are affected by the Proposed Amendments is qualified in its entirety by reference to the full and complete terms in the Indenture, copies of which are available upon request without charge from the Information Agent. The Proposed Amendments, if adopted by the Holders, would eliminate substantially all of the restrictive covenants as well as certain events of default and related provisions in the Indenture.

Pursuant to the terms of the Indenture, the Proposed Amendments set forth below require the Requisite Consents. The Proposed Amendments constitute a single proposal, and a tendering and consenting Holder must consent to the Proposed Amendments as an entirety and may not consent selectively with respect to certain of the Proposed Amendments. If the Proposed Amendments become effective, the Holder of any Notes that are not tendered and accepted for purchase pursuant to the Offer to Purchase will be bound by the Proposed Amendments.

Holders who tender their Notes must consent to the Proposed Amendments and Holders cannot deliver consents to the Proposed Amendments without tendering the related Notes.

*Amendments to Restrictive Covenants in the Indenture.* The Proposed Amendments would eliminate the following restrictive covenants contained in the Indenture by deleting each section referenced below in its entirety:

- Section 3.4 (Payment of Taxes)
- Section 3.5 (Further Instruments and Acts)
- Section 3.7 (Limitation on Liens)
- Section 3.8 (Limitation on Sale and Leaseback Transactions)
- Section 3.10 (Reports to Holders)
- Section 3.11 (Listing)
- Section 3.14 (Compliance Certificate)

*Amendments to Events of Default in the Indenture.* The Proposed Amendments also would eliminate the following Events of Default by deleting each clause referenced below in its entirety:

- Section 6.1(a)(iv) (Failure to pay or acceleration of any indebtedness in excess of US\$30,000,000)
- Section 6.1(a)(v) (Failure to pay a final judgment in excess of U.S.\$30,000,000 that is not dismissed within 30 days following commencement of such enforcement proceedings, and not contested within 60 days from the time the Company or its Subsidiary receive notice thereof)

*Amendments to Redemption Provisions in the Indenture.* The Proposed Amendments would:

- Amend Section 5.3(a) of the Indenture so that the Company shall give or cause the Trustee to give notice of redemption to the holders at least six (6) business days prior to the Redemption Date.
- Amend Section 5.3(b) of the Indenture so that the Company shall deliver the notice of redemption to the Trustee at least nine (9) business days prior to the Redemption Date.

The Proposed Amendments would also make certain other changes in the Indenture and the Notes of a technical or conforming nature, including the deletion of certain definitions and the elimination of certain cross references.

Tendering Notes will constitute an express waiver with respect to all actual or potential claims against the Company and its affiliates, other than claims for payment of interest or principal, including but not limited to all claims for any purported breach of the Indenture or in connection with the Offer to Purchase.

The foregoing is qualified in its entirety by reference to the Indenture and the form of Supplemental Indenture, copies of which may be obtained without charge from the Information Agent.

**When Proposed Amendments Become Effective**

The Company intends to execute the Supplemental Indenture promptly following the Early Tender Time if it has received the Requisite Consents. The Supplemental Indenture will become effective when executed by the Company and the Trustee. However, the Supplemental Indenture will provide that the Proposed Amendments will not become operative until we have paid in full the Total Consideration, which means that the amendments to the Indenture effected by the Supplemental Indenture will be deemed to be revoked retroactive to the date of the Supplemental Indenture, and the Indenture will remain in their current form.

If the Proposed Amendments become operative, the Proposed Amendments will be binding on all Holders.

## CERTAIN SIGNIFICANT CONSEQUENCES TO HOLDERS

*Before making a decision whether to tender Notes pursuant to the Tender Offer, Holders of Notes should carefully consider the risks and uncertainties described in this Offer to Purchase. Our business, financial condition, operating results and cash flows can be impacted by these factors, any one of which could cause our actual results to vary materially from recent results or from our anticipated future results.*

### Potential ban to fossil fuel plants in Chile

During 2021, two bills were introduced to the Chilean congress seeking to accelerate the closure of coal-fired power plants. The first of them, sponsored by the Senate Mining and Energy Commission (the “SMEC”), sought to ban the installation and operation of coal-fired power plants throughout the country beginning on January 1, 2026. A second draft bill was subsequently sponsored by the SMEC, which promotes the increase in the generation of renewable energy. This second draft bill, which at this time is the only draft bill of the two bills referred to above under consideration within the Chilean congress, calls for a total ban beginning on January 1, 2030, of the injection into the Chilean national electric system of energy generated from the combustion of fossil fuels. This draft bill also calls for the cessation of operations of 65% of coal-fired plants by 2025. On June 13, 2022, the Chilean congress enacted Law No. 21,455 (the “Climate Change Framework Law”) with the principal objectives of gradually reducing Chile’s carbon emissions until the country reaches carbon neutrality in 2050, protect the use of water resources for human consumption and the conservation of biodiversity, adopt measures to counter the effects of climate change and bring Chilean environmental policies more due in line with the Paris Agreement and other international accords. The Climate Change Framework Law sets out a timeline to complete the closure and retirement from the National Electrical System (*Sistema Eléctrico Nacional* – SEN) of all coal-fire power generation plants by the end of 2040. These regulatory developments have increased our recontracting risk and will likely result in some of our PPAs not being extended or continued in the future due to the uncertainty these regulatory changes have created. In addition, the potential closure of our facilities as a result of the proposed ban on coal-fired generation plants by 2040 could have a material adverse impact on our business and results of operations.

### Source of Funds

The Company intends to fund the Tender Offer and the Consent Solicitation, and the costs and expenses thereof, with cash on hand.

### Position of the Company and other parties concerning the Tender Offer and the Consent Solicitation

None of the Company, the Dealer Manager and Solicitation Agent, the Tender and Information Agent or the Tabulation Agent makes any recommendation to any Holder whether to tender or refrain from tendering any or all of such Holder’s Notes, and none of them has authorized any person to make any such recommendations. Holders are urged to evaluate carefully all information in the Offer to Purchase, consult their own investment and tax advisors and make their own decisions whether to tender Notes, and, if so, the principal amount of Notes to tender.

### Limited trading market

To the extent that Notes are purchased pursuant to the Tender Offer, the trading market for Notes that remain outstanding will become more limited. Because a debt security with a smaller float may command a lower price than would a comparable debt security with a greater float, the market price for Notes not purchased pursuant to the Tender Offer may be affected adversely to the extent the consummation of such Tender Offer reduces the float of such Notes. The reduced float may also tend to make the trading price of such Notes more volatile. The Company cannot assure Holders that if the Tender Offer is consummated that any trading market will exist for Notes that remain outstanding. The extent of the trading market for such Notes following consummation of the Tender Offer would depend upon the number of Holders that remain at such time, the interest in maintaining markets in the Notes on the part of securities firms and other factors. None of the Company, the Dealer Manager and Solicitation Agent, the Tender and Information Agent, the Tabulation Agent has any duty to make a market in any remaining Notes.

### The consideration to be received in the Tender Offer does not reflect any valuation of the Notes and is subject to general economic and market volatility.

The consideration offered for the Notes and the Consents does not reflect any independent valuation of the Notes and does not take into account events or changes in financial markets (including interest rates) after the commencement of the Tender Offer and the Consent Solicitation. Neither our board of directors nor our management has made any determination that the consideration to be received in the Tender Offer represents a fair valuation of the Notes. The Company has not obtained a fairness opinion from any financial advisor or other person about the fairness to us or to you of the consideration to be received by Holders of Notes who validly tender, and do not validly withdraw (and whose tenders are accepted for purchase), their Notes

in the Tender Offer, and who validly deliver, and do not validly revoke, their Consents in the Consent Solicitation. If a Holder tenders its Notes, such Holder may or may not receive more, or as much, value than if such Holder chose to keep them.

### **Early Tender Premium**

You must validly tender your Notes at or prior to the Early Tender Time in order to be eligible to receive the Total Consideration, which includes the Early Tender Premium. If you validly tender your Notes after the Early Tender Time but prior to the Expiration Date, you will only be eligible to receive the Tender Offer Consideration, which does not include the Early Tender Premium.

### **Completion, termination and amendment of the Tender Offer**

Until the Company announces whether it has accepted valid tenders of Notes pursuant to the Tender Offer, no assurance can be given that the Tender Offer and the Consent Solicitation will be completed. In addition, subject to applicable law and limitations described elsewhere in this Offer to Purchase, the Company expressly reserves the right, with respect to the Tender Offer and the Consent Solicitation, to amend, extend or, to the extent the conditions described herein are not (i) satisfied at or at any time at or prior to (as applicable) the applicable Early Tender Time or, if no Notes are validly tendered and accepted for purchase at the Early Tender Time, the Expiration Date or (ii) timely waived, terminate the Tender Offer.

### **Effect of the Tender Offer on Holders of Notes tendered and accepted in the Tender Offer**

If your Notes are validly tendered and accepted for purchase, you will be giving up all of your rights as a Holder of those Notes, including, without limitation, your right to future interest or cash distributions and principal payments with respect to such Notes. Any Notes that are tendered and accepted in the Tender Offer will be retired and canceled.

### **Effect of the Proposed Amendments on Unpurchased Notes**

If the Tender Offer is consummated and the Proposed Amendments become operative, Holders whose Notes are not purchased pursuant to the Tender Offer for any reason will be bound by the Proposed Amendments, whether or not such Holders tendered their Notes or otherwise affirmatively object to the Proposed Amendments. Non-consenting Holders of Notes, although bound by the Proposed Amendments, will not be entitled to the Early Tender Premium. Non-consenting Holders of the Notes (whether or not they affirmatively objected to the Proposed Amendments) will not be entitled to any rights of appraisal or similar rights of dissenters (whether pursuant to the Indenture or the Company's organizational instruments) with respect to the adoption of the Proposed Amendments and the execution of a Supplemental Indenture.

The Proposed Amendments would, among others, (i) eliminate Section 3.4 (Payment of Taxes) of the Indenture, (ii) eliminate Section 3.5 (Further Instruments and Acts) of the Indenture, (iii) eliminate Section 3.7 (Limitation on Liens) of the Indenture, (iv) eliminate Section 3.8 (Limitation on Sale and Leaseback Transactions) of the Indenture, (v) eliminate Section 3.10 (Reports to Holders) of the Indenture, (vi) eliminate Section 3.11 (Listing) of the Indenture, (vii) eliminate Section 3.14 (Compliance Certificate) of the Indenture, (viii) eliminate Section 6.1(a)(iv) (Failure to pay or acceleration of any indebtedness in excess of U.S.\$30,000,000) of the Indenture, (ix) eliminate Section 6.1(a)(v) (Failure to pay a final judgment in excess of U.S.\$30,000,000 that is not dismissed within 30 days following commencement of such enforcement proceedings, and not contested within 60 days from the time the Company or its Subsidiary receive notice thereof) of the Indenture, (x) amend Section 5.3(a) of the Indenture so that the Company shall give or cause the Trustee to give notice of redemption to the holders at least six (6) business days prior to the Redemption Date, (xi) amend Section 5.3(b) of the Indenture so that the Company shall deliver the notice of redemption to the Trustee at least nine (9) business days prior to the Redemption Date, and (xii) make certain other changes in the Indenture and the Notes of a technical or conforming nature, including the deletion of certain definitions and the elimination of certain cross references.

Defined terms used in this sub-section (and not otherwise defined in this Offer to Purchase) have the definitions assigned to them in the Indenture.

### **Conditions in respect of the Tender Offer and the Consent Solicitation**

The consummation of the Tender Offer is subject to the satisfaction or waiver of several conditions. See "The Terms of the Tender Offer and the Consent Solicitation—Conditions to the Tender Offer and the Consent Solicitation." In addition, subject to applicable law, the Company may terminate the Tender Offer and the Consent Solicitation at any time at or prior to the Expiration Date. There can be no assurance that such conditions will be met, that the Company will not terminate the Tender Offer, or that, in the event that the Tender Offer is not consummated, the market value and liquidity of the Notes will not be materially adversely affected.

### **Responsibility for complying with the procedures of the Tender Offer**

Holders of Notes are responsible for complying with all of the procedures for tendering Notes. If the instructions are not strictly complied with, the Agent's Message may be rejected. None of the Company, the Dealer Manager and Solicitation Agent, the Trustee, the Tender and Information Agent or the Tabulation Agent assumes any responsibility for informing any Holder of Notes of irregularities with respect to such Holder's participation in the Tender Offer.

### **Responsibility to consult advisers**

Holders should consult their own tax, accounting, financial and legal advisers regarding the suitability to themselves of the tax, accounting, financial and legal consequences of participating in the Tender Offer and the Consent Solicitation.

None of the Company, the Dealer Manager and Solicitation Agent, the Trustee, the Tender and Information Agent, the Tabulation Agent or their respective directors, employees or affiliates is acting for any Holder, or will be responsible to any Holder for providing any protections that would be afforded to its clients or for providing advice in relation to the Tender Offer, and accordingly none of the Company, the Dealer Manager and Solicitation Agent, the Trustee, the Tender and Information Agent or the Tabulation Agent or their respective directors, employees and affiliates makes any recommendation whatsoever regarding the Tender Offer and Consent Solicitation, or any recommendation as to whether Holders should tender their Notes for purchase pursuant to the Tender Offer and Consent Solicitation.

### **Certain tax considerations**

See "Taxation" for a discussion of certain tax matters that should be considered in evaluating the Tender Offer and Consent Solicitation.

### **Other purchases of Notes**

Following consummation or termination of the Tender Offer, the Company and/or its affiliates reserve the right to acquire the Notes from time to time otherwise than pursuant to the Tender Offer through open market purchases, privately negotiated transactions, one or more additional tender or exchange offers or otherwise, on terms that may or may not be equal to the Total Consideration or Tender Offer Consideration. The Company also reserves the right to exercise any of its rights (including redemption rights) under the Indenture. Any future purchases, exchanges or redemptions may be on the same terms or on terms that are more or less favorable to Holders of Notes than the terms of the Tender Offer. Any future purchases, exchanges or redemptions by the Company and/or its affiliates will depend on various factors existing at that time. There can be no assurance as to which, if any, of these alternatives (or combinations thereof) the Company and/or its affiliates may choose to pursue in the future.

## TAXATION

*The following discussion is a summary of certain material Chilean and U.S. federal income tax consequences of the disposition of the Notes pursuant to the Tender Offer. This summary does not describe all of the tax considerations that may be relevant to a beneficial owner of Notes, particularly for beneficial owners that are subject to special tax rules. Each beneficial owner of Notes should consult its tax advisors about the tax consequences of a disposition of Notes pursuant to the Tender Offer, including the relevance to a beneficial owner's particular situation of the considerations discussed below, as well as of state, local and other tax laws. This summary is based upon tax laws of Chile and the United States as in effect on the date of this Offer to Purchase, which are subject to change, possibly with retroactive effect, and to differing interpretations. Each beneficial owner of Notes should consult its tax advisor with respect to Chilean and U.S. federal, state, local and foreign tax consequences of the Tender Offer.*

### **Certain Chilean Tax Consequences**

**The information set forth below is intended to be a general discussion only and does not address all possible tax consequences relating to the Tender Offer.**

The following is a general summary of the material consequences under Chilean tax law, as currently in effect, of the sale of the Notes pursuant to the Tender Offer by a Foreign Holder (as defined below). It is based on the laws of Chile as in effect on the date of this Offer to Purchase, as well as regulations, rulings and decisions of Chile available on or before such date and now in effect. All of the foregoing is subject to change. Under Chilean law, provisions contained in statutes such as tax rates applicable to foreign investors, the computation of taxable income for Chilean purposes and the manner in which Chilean taxes are imposed and collected may be amended only by another law. In addition, the Chilean tax authorities enact rulings and regulations of either general or specific application and interpret the provisions of Chilean tax law. Chilean tax authorities may change their rulings, regulations or interpretations prospectively or retroactively, although retroactive interpretations may not be assessed against taxpayers who act in good faith in relying on such rulings, regulations or interpretations. For the purposes of this summary, the term “*Foreign Holder*” means either (i) in the case of an individual, a person who is not a resident or domiciliary of Chile (for purposes of Chilean taxation, (a) an individual holder is resident in Chile if he or she has resided in Chile, uninterrupted or not, for a period or periods that in total exceed 183 days, within any period of twelve months or (b) an individual is domiciled in Chile if he or she resides in Chile with the actual or presumptive intent of staying in Chile (such purpose to be evidenced by circumstances such as the acceptance of employment within Chile or the relocation of the individual's family to Chile)), or (ii) in the case of a legal entity, a legal entity that is not organized under the laws of Chile, unless the Notes are assigned to a branch or a permanent establishment of such entity in Chile.

#### ***Payments of interest***

Under the Chilean Income Tax Law (*Ley de Impuesto a la Renta*), payments of interest made to a Foreign Holder in respect of the Notes will generally be subject to a Chilean withholding tax currently at the rate of 4%. The Company will gross up the amounts due in respect of Accrued Interest, pursuant to the same methodology as specified in the Indenture.

#### ***Capital gains***

Capital gains realized by a Foreign Holder on the sale or the disposition of the Notes will not be subject to Chilean income taxes.

#### ***Other***

Under existing Chilean law and regulations, a Foreign Holder will not be subject to any Chilean taxes in respect of payments of principal made by us with respect to the Notes. Any other payment to be made by us (excluding interest, premium and principal on the Notes and except for some special exceptions granted by Chilean law and tax treaties subscribed by Chile and currently in force) will be subject to up to 35% withholding tax.

A Holder whose Notes are not purchased by the Company pursuant to the Tender Offer will not incur in any Chilean tax liability as a consequence of the consummation of the Tender Offer.

The Company has agreed to pay any stamp, court or documentary taxes, charges or levies that arise in Chile from the consummation of the Tender Offer or execution of any other document or instrument in relation thereto and have agreed to indemnify holders of the Notes for any such taxes, charges or similar levies paid by Holders.

## U.S. Federal Income Tax Considerations

### *General*

The following discussion is a summary of certain U.S. federal income tax considerations related to the tender of Notes by a “U.S. Holder” (as defined below) with respect to the Tender Offer and Consent Solicitation but does not purport to be a complete analysis of all the potential tax considerations relating thereto. This discussion does not address any considerations related to an exchange of Notes in the Exchange Offer. This summary is based upon the Internal Revenue Code of 1986, as amended (the “Code”), existing final, temporary and proposed U.S. Treasury regulations promulgated thereunder (the “Regulations”), judicial decisions, administrative pronouncements, and other applicable authorities, all as in effect as of the date hereof and all of which are subject to change or differing interpretations, possibly on a retroactive basis. There can be no assurances that the U.S. Internal Revenue Service (the “IRS”), will not challenge one or more of the tax consequences described in this discussion.

This summary addresses only U.S. Holders that hold the Notes as capital assets for U.S. federal income tax purposes (generally, property held for investment) and use the U.S. dollar as their functional currency. This discussion does not address the tax considerations arising under the laws of any non-U.S., state, local or other jurisdiction or any tax consequences arising under other U.S. federal tax rules (such as the federal estate and gift taxes, the alternative minimum tax or the Medicare tax on net investment income). In addition, this discussion does not address all tax considerations that may be important to a particular U.S. Holder in light of the U.S. Holder’s circumstances, or to certain categories of investors that may be subject to special rules (such as dealers in securities or currencies; traders in securities that have elected the mark-to-market method of tax accounting for their securities; persons holding Notes as part of a hedge, straddle, conversion or integrated transaction; financial institutions; insurance companies; regulated investment companies; real estate investment trusts; entities that are tax-exempt for U.S. federal income tax purposes, persons that owned, directly, indirectly, or constructively, 10% or more of the Company’s equity by vote or value; U.S. Holders who also hold voting stock of the Company, persons subject to special accounting rules under Section 451(b) of the Code and certain U.S. expatriates).

For purposes of this summary, the term “U.S. Holder” means a beneficial owner of a Note that, for U.S. federal income tax purposes, is: (1) a citizen or individual resident of the United States; (2) a corporation (or other entity treated as a corporation) created in or organized under the laws of the United States or any political subdivision thereof; (3) an estate, the income of which is subject to U.S. federal income tax regardless of its sources; or (4) a trust, if (i) a court within the United States can exercise primary supervision over the administration of the trust and one or more U.S. persons has authority to control all substantial decisions of the trust, or (ii) the trust has a valid election in place to be treated as a U.S. person.

If a partnership (or other entity or arrangement treated as a partnership for U.S. federal income tax purposes) is a beneficial owner of a Note, the U.S. federal income tax treatment of a partner in the partnership generally will depend on the status of the partner and the activities of the partnership. Partnerships holding the Notes and their partners should consult their tax advisors regarding the U.S. federal, state, local and non-U.S. tax consequences to them with respect to the Tender Offer and Consent Solicitation.

**This discussion is provided for general information only and does not constitute tax or legal advice to any U.S. Holder of the Notes. U.S. Holders should consult their own tax advisors concerning the U.S. federal income tax considerations with respect to the Tender Offer and Consent Solicitation in light of their particular circumstances and any considerations arising under other U.S. federal tax laws (including estate and gift tax laws) and the laws of any state, local or non-U.S. taxing jurisdiction.**

### *Taxable Disposition of Notes Pursuant to the Tender Offer*

The sale of a Note pursuant to the Tender Offer will be a taxable transaction for U.S. federal income tax purposes. If a U.S. Holder sells a Note pursuant to the Tender Offer, then, subject to the discussion of the Early Tender Premium below, a U.S. Holder generally will recognize taxable gain or loss equal to the difference, if any, between the amount of cash received (other than any portion of such amount that is properly allocable to Accrued Interest and any additional amounts thereon, which will be subject to tax as ordinary interest income to the extent not previously included in income) and the U.S. Holder’s adjusted tax basis in the Note at the time of the sale. A U.S. Holder’s adjusted tax basis in a Note will generally be the U.S. Holder’s cost of the Note increased by the amount of any market discount previously included in income with respect to the Note, if any, and decreased (but not below zero) by the amount of any bond premium previously amortized to offset interest income on the Note, if any.

Except as discussed below with respect to market discount, any gain or loss generally will be capital gain or loss and will be long-term capital gain or loss if the U.S. Holder’s holding period in the Note exceeds one year at the time of its sale. Certain non-corporate U.S. Holders (including individuals) may be eligible for preferential rates of U.S. federal income tax in respect of long-term capital gains. The deductibility of capital losses is subject to limitations under the Code.

In general, market discount is the excess, if any, of the principal amount of a Note over a U.S. Holder's tax basis therein at the time of the acquisition, unless the amount of the excess is less than a specified de minimis amount, in which case market discount is considered to be zero. If a U.S. Holder acquired a Note with market discount, any gain a U.S. Holder realizes pursuant to the sale of the Note will be treated as ordinary income to the extent of the portion of the market discount that has accrued while the U.S. Holder held the Note, unless the U.S. Holder has elected to include market discount in income currently as it accrues.

Any gain or loss realized on the sale of a Note generally will be treated as U.S. source gain or loss, as the case may be, for U.S. foreign tax credit purposes. Accrued interest income with respect to the Notes that is treated as paid as a result of the Tender Offer will constitute income from sources outside the United States, and for U.S. foreign tax credit purposes such income should generally constitute "passive category" income.

The rules governing the U.S. foreign tax credit are complex and the application thereof depends in large part on the U.S. Holder's individual facts and circumstances. Accordingly, U.S. Holders should consult their tax advisors regarding the availability of the U.S. foreign tax credit in their particular circumstances, as well as with respect to their eligibility for benefits under the pending United States-Chile Tax Treaty and the potential impact of certain 2022 U.S. foreign tax credit Regulations.

### ***Early Tender Premium***

The U.S. federal income tax treatment of the receipt of the Early Tender Premium by a U.S. Holder whose Note is purchased pursuant to the Tender Offer is subject to some uncertainty. To the extent required to adopt a position for U.S. federal income tax purposes, we intend to treat the Early Tender Premium as additional consideration received by a U.S. Holder in exchange for the Note sold in the Tender Offer, in which case the Early Tender Premium would be taken into account in determining the amount of gain or loss on the sale of the as described above. No assurance can be given, however, that our position, if challenged by the IRS, would be sustained. The Early Tender Premium could instead be treated as separate consideration paid for tendering early, in which case the Early Tender Premium would constitute ordinary income to a U.S. Holder rather than capital gain. If the Early Tender Premium were ordinary income, a U.S. Holder who received the Early Tender Premium and recognized a capital loss on the sale of its Note would not be able to offset such ordinary income by such capital loss. U.S. Holders should consult their tax advisors regarding the proper U.S. federal income tax treatment of the receipt of the Early Tender Premium.

### ***Tax Consequences to Non-Tendering U.S. Holders***

The U.S. federal income tax consequences of the Proposed Amendments to a non-tendering U.S. Holder will depend on whether the adoption of the Proposed Amendments results in a "deemed exchange" of the Notes for U.S. federal income tax purposes. Under applicable Treasury Regulations, a "significant modification" of a debt instrument results in a deemed exchange of the original debt instrument for a modified instrument that differs materially either in kind or extent. For these purposes, "modification" generally means any alteration, including any deletion or addition, in whole or in part, of a legal right or obligation of the issuer or a holder of a debt instrument.

A modification is "significant" if, based on all the facts and circumstances and taking into account all modifications of the debt instrument collectively, the legal rights or obligations that are altered and the degree to which they are altered are "economically significant." The Treasury Regulations contain specific rules for determining whether certain types of modifications are "significant." For example, a modification that adds, deletes, or alters customary accounting or financial covenants is not a significant modification. The Treasury Regulations do not, however, define "customary accounting or financial covenants" and it is unclear whether certain of the Proposed Amendments are encompassed thereby.

If the Proposed Amendments (1) are treated as mere deletions or alterations of customary accounting or financial covenants or (2) are not so treated, but the legal rights and obligations that are altered by such Proposed Amendments and the degree to which they are altered are not viewed as "economically significant," then the implementation of such Proposed Amendments would not constitute a "significant" modification and a non-tendering U.S. Holder will not realize gain or loss for U.S. federal income tax purposes and will continue to have the same tax basis, holding period and accrued market discount (if any) with respect to the retained Notes. While the matter is unclear, to the extent required to adopt a position, we intend to take the position that the adoption of the Proposed Amendments should not constitute a significant modification of the Notes under the Treasury Regulations.

However, the IRS may take the position that, with respect to non-tendering U.S. Holders, the implementation of the Proposed Amendments results in a deemed exchange of "old" Notes for "new" Notes. If such a position were sustained, the deemed exchange would be fully taxable as described above under "Taxable Disposition of Notes Pursuant to the Tender Offer" unless it qualifies as a recapitalization for U.S. federal income tax purposes (for which qualification is unclear). U.S. Holders should consult their own tax advisors regarding the potential tax consequences of not tendering their Notes pursuant to the Tender Offer.

### ***Information Reporting and U.S. Backup Withholding***

In general, a U.S. Holder may be subject to information reporting and backup withholding (currently at a 24% rate), with respect to the receipt of the cash paid in exchange for the Notes pursuant to the Tender Offer. To avoid backup withholding, a U.S. Holder will need to (i) provide a correct taxpayer identification number and certain other information and certify that it is not subject to backup withholding, or (ii) otherwise establish an exemption. A U.S. Holder can satisfy these requirements by properly completing and submitting an IRS Form W-9. Backup withholding is not an additional tax. Any amount withheld under the backup withholding rules will be creditable against the U.S. Holder's U.S. federal income tax liability or entitle the U.S. Holder to a refund of any amounts withheld under the backup withholding rules; *provided* that the requisite information is properly and timely provided to the IRS. U.S. Holders should consult their tax advisors regarding the application of backup withholding and information reporting.
